2 Vehicle Laws - Traffic Control Signal Monitoring System - Owner Liability

3 FOR the purpose of authorizing a political subdivision or State agency to mail a citation
4 to the owner of a motor vehicle who is recorded by a traffic control signal
5 monitoring system violating certain laws regarding driving through a traffic control
6 signal; establishing the content of a citation; authorizing a political subdivision to
7 send a warning to the owner of the motor vehicle in lieu of a citation; authorizing
8 the political subdivision or State agency to fine the owner of the motor vehicle a

10 without regard to the identity of the individual driving the motor vehicle at the time
11 of the violation; authorizing the owner to request a hearing; requiring the political
12 subdivision or authorized State agency to make the recorded images available to
13 certain persons under certain circumstances; establishing the defenses that may be
14 considered by a hearing officer; establishing a certain presumption; imposing
15 certain additional penalties on an owner who fails to pay the fine; prohibiting
16 imposition of liability under this Act from being considered a moving violation for
17 certain purposes and being considered by an insurer for certain purposes;
18 establishing that recorded images are admissible in evidence without
19 authentication; defining certain terms; and generally relating to imposition of
20 certain liability on the owner of a motor vehicle recorded by a traffic control signal
21 monitoring system violating certain laws regarding traffic control signals.

32 SECTION 1. BE IT ENACTED BY THE GENERAL ASSEMBLY OF
33 MARYLAND, That the Laws of Maryland read as follows:

2

1 **Article - Transportation**

2 11-168.

3 "Traffic control signal" means any traffic control device, whether manually,
4 electrically, or mechanically operated, by which traffic alternately is directed to stop and
5 permitted to proceed.

6 21-201.

7 (a) (1) Subject to the exceptions granted in this title to the driver of an
8 emergency vehicle, the driver of any vehicle, unless otherwise directed by a police officer,
9 shall obey the instructions of any traffic control device applicable to the vehicle and
10 placed in accordance with the Maryland Vehicle Law.

11 (2) The driver of a vehicle approaching an intersection controlled by a
12 traffic control device may not drive across private property or leave the roadway for the
13 purpose of avoiding the instructions of a traffic control device.

14 (b) (1) If a provision of the Maryland Vehicle Law or of an ordinance or
15 regulation of a local authority requires a traffic control device, the provision is
16 unenforceable against an alleged violator if, at the time and place of the alleged violation,
17 the traffic control device is not in proper position and legible enough to be seen by an
18 ordinarily observant individual.

19 (2) Unless a provision of the Maryland Vehicle Law or of an ordinance or
20 regulation of a local authority states that a traffic control device is required, the provision
21 is effective and enforceable even if no traffic control device is in place.

22 (c) Unless the contrary is established by competent evidence, if a traffic control
23 device is placed in a position approximately meeting the requirements of the Maryland
24 Vehicle Law, the device is presumed to have been placed by the official act or direction
25 of lawful authority.

26 (d) Unless the contrary is established by competent evidence, if a traffic control
27 device is placed in accordance with the Maryland Vehicle Law and purports to meet the
28 lawful requirements governing these devices, the device is presumed to meet the
29 requirements of the Maryland Vehicle Law.

30 21-202.

31 (h) Vehicular traffic facing a steady red signal alone:

32 (1) Shall stop at the near side of the intersection:

33 (i) At a clearly marked stop line;

34 (ii) If there is no clearly marked stop line, before entering any
35 crosswalk; or
