8 BY repealing and reenacting, with amendments,

22 (b) (1) The Commission may [not] authorize telephone company charges to be
23 levied for directory assistance calls [made by residential customers upon the first 6 calls
24 made to directory assistance from each residential service per monthly billing cycle] IF

28 COMPETITION, AND ARE IN THE PUBLIC INTEREST.

29 (2) [In order to determine just and reasonable rates for residential
30 telephone service, the Commission shall adjust the residential telephone rates of a
31 telephone company that it considers appropriate to provide the same net operating

1 income that the telephone company would realize if no charges were levied on the first 12
2 calls made to directory assistance under paragraph (1) of this subsection.

3 (3)] The Commission may not authorize telephone company charges to be
4 levied for directory assistance upon any person who suffers from a physical or visual
5 handicap that precludes the use of a telephone directory.

6 [(4)] (3) The Commission may provide other exemptions FROM
7 TELEPHONE COMPANY CHARGES TO BE LEVIED FOR DIRECTORY ASSISTANCE that
8 are just and reasonable.

9 (c) (1) The Commission may not authorize any mandatory telephone company
10 charges based on a measured time period unit rate for local messages.

11 (2) Paragraph (1) of this subsection does not preclude the Commission from
12 any study or evaluation of mandatory telephone company charges.

13 (3) If the Commission authorizes any telephone company to offer to
14 residential customers the option of telephone charges based on a measured time period
15 unit rate for local messages, the Commission shall also require the telephone company to
16 offer to residential customers:

17 (i) The option of an unlimited number and duration of local calls; and

18 (ii) The option of a specific charge per local call, regardless of the
19 duration of the local call.

20 (4) Until December 1, 1985 a telephone company may not require the
21 payment of an order processing charge or line change charge for a residential customer's
22 first change to any type of local telephone service based on charges per call or measured
23 time period unit rates.

24 (5) A telephone company may not require the payment of an order
25 processing charge or line change charge for a residential customer's first change from
26 local telephone service based on charges for measured time period unit rates, if the
27 change occurs within 18 months of the date that the consumer elects this telephone
28 service.

29 (6) The Public Service Commission may not authorize any telephone
30 company to charge for the distance of a call within any local calling area.

31 SECTION 2. AND BE IT FURTHER ENACTED, That this Act shall take effect
32 October 1, 1996.
