SENATE JOINT RESOLUTION ____

1 A Senate Joint Resolution concerning

2 **Health Care Consumers' Bill of Rights**

3 FOR the purpose of providing a Health Care Consumers' Bill of Rights, applicable to
4 health maintenance organizations, managed care organizations, physicians'
5 networks, hospital delivery systems, and other health care provider organizations
6 authorized to operate in Maryland.

7 WHEREAS, Maryland is consistently ranked as one of the top four or five states in
8 the nation in the degree of managed care penetration; and

9 WHEREAS, The degree of managed care penetration in Maryland will continue to
10 grow; and

11 WHEREAS, Growth in managed care should be encouraged, but fostered in a
12 manner that is culturally sensitive to the unique needs and concerns of the citizens of
13 Maryland; and

14 WHEREAS, The appropriate inclusion of culturally and ethnically diverse health
15 care providers on managed care organizations' panels is in the best interest of the citizens
16 of Maryland; now, therefore, be it

17 RESOLVED BY THE GENERAL ASSEMBLY OF MARYLAND, That the
18 following Health Care Consumers' Bill of Rights is hereby adopted:

19 Health care consumers should have the right to relevant information about how
20 managed care works in order to make informed decisions regarding how they will receive
21 health care services, including information on how to educate themselves on their
22 responsibilities.

23 Health care consumers should have the right to choose health care providers within
24 their managed care organization who meet high standards of professional training and
25 experience.

1 Health care consumers should have the freedom to change primary care providers
2 within the terms of the managed care contract in order to build active positive
3 partnerships between health care consumers and providers.

4 Health care consumers should have the right, in clear and understandable language,
5 to know what the grievance procedure is within a managed care organization and how to
6 access it.

7 Health care consumers should have the right to timely and appropriate access,
8 including geographic access, to the health care delivery system.

9 Health care consumers should have the right to demand the highest standards of the
10 medical practice and information stated in laypersons' terms.

11 Health care consumers should have the right to information about the services
12 available from, the education of, and the Board certification of health care providers.

13 Consumer members of managed care organizations should have the right to a
14 formal mechanism to provide information and advice to their managed care organization.

15 Health care consumers should have the right to select a health care provider from a
16 diverse panel of providers that reasonably represent their immediate communities.

17 Health care consumers should have the right to respect, dignity, confidentiality, and
18 privacy, as provided by current State law.

19 Health care consumers should have the right to receive quality health care.

20 Health care consumers should have the right to review their own medical records
21 with their physicians, as provided by current State law.

22 Health care consumers should have the right to speak to a provider when medically
23 necessary after hours, 7 days per week.

24 Health care consumers should have the right to information on the possible
25 consequences of treatments and the failure to comply with their treatment programs.

26 Health care consumers should have the right to participate in decisions concerning
27 their health care.

28 Health care consumers should have the right to receive services without
29 discrimination under State law.

30 Health care consumers should have the right to receive health care in facilities that
31 comply with the Americans with Disabilities Act.

32 Health care consumers should have the right to expect all personnel of their
33 managed care organization to be supervised and qualified; and be it further

34 RESOLVED, That a copy of this Resolution be forwarded to all health
35 maintenance organizations issued a certificate of authority to operate by the Insurance
36 Commissioner, all Medicaid managed care organizations authorized by the Secretary of
37 Health and Mental Hygiene, and appropriate provider organizations, including
