Maryland General Assembly

FISCAL NOTE
Bond Bill

Senate Bill 842 (Senator Bromwell)
Budget and Taxation

Creation of a State Debt - The Maryland School for the Blind
(\$262,500)

This bill provides \$262,500 in State bond proceeds as a grant to the Maryland School for the Blind to provide and install equipment, including the upgrade of the fire alarm system for compliance with all requirements of the Americans with Disabilities Act. The installation would include all necessary repairs and renovations.

The Maryland School for the Blind must provide matching funds totaling \$87,500 by June 1, 1999.

Fiscal Summary

State Effect: This \$262,500 bond authorization would be part of the total \$415 million general obligation debt authorization for FY 1998 as recommended by the Capital Debt Affordability Committee. State debt service costs on the \$415 million would be a maximum of \$43.9 million annually based on an interest rate of 4.90%.

Local Effect: None.

Small Business Effect: Minimal effect on small businesses as discussed below.

Fiscal Analysis

Small Business Effect: This bond bill would be part of the annual State capital program. Each year, the State approves a program of general obligation bond funded capital spending. The fiscal 1998 funding totals \$415 million, an amount consistent with the level of funding authorized in prior years. The State's capital program contributes to the construction industry in Maryland, which includes many small businesses. In 1995, the total value of non-

residential building construction contracts in Maryland was \$1.8 billion. The fiscal 1998 capital program will continue the State's contribution to the construction industry in Maryland but because it is only \$15 million over the fiscal 1997 level, it will not add substantially to it.
