Ways and Means

Statewide Aid for Students from Poverty Families

This bill provides additional State aid to county boards of education based on the number of students qualifying for free or reduced price lunch and the per student State aid provided to Baltimore City as part of the city’s school litigation settlement. The enactment of this bill is contingent upon the State providing \$30 million to the Baltimore City Public Schools as part of the city’s school litigation settlement.

This bill takes effect July 1, 1997.
