This departmental bill authorizes the Board of Trustees of Baltimore City Community College to create positions as long as the cost of the positions, including any fringe benefit costs, is funded from grant or special project funds. The bill may not be construed to require any additional general fund support.

The bill requires the board to submit an annual position accountability report by September 1 to the Department of Budget and Management, the Department of Fiscal Services, and the Maryland Higher Education Commission reporting the total number of positions created in the previous fiscal year and the cost and funding of those positions. In addition, the board is required to report to the Legislative Policy Committee by September 1, 1999 on the financing of the created positions.

The bill takes effect July 1, 1997. The authority to create positions is effective beginning with fiscal 1998.
