FISCAL NOTE
Bond Bill

House Bill 1218 (Delegate Branch, *et al.*)
Appropriations

**Creation of a State Debt - Baltimore City - Total Health Care, Inc.
(\$500,000)**

This bill provides \$500,000 in State bond proceeds as a grant to the Board of Directors of Total Health Care, Inc. to plan, design, and construct a replacement medical facility, to be located in Baltimore City, at which comprehensive medical care will be provided for the medically underserved residents of the surrounding areas.

The board of directors must provide matching funds by June 1, 1997.

Fiscal Summary

State Effect: This \$500,000 bond authorization would be part of the total \$415 million general obligation debt authorization for FY 1998 as recommended by the Capital Debt Affordability Committee. State debt service costs on the \$415 million would be a maximum of \$43.9 million annually based on an interest rate of 4.90%.

Local Effect: None.

Small Business Effect: Minimal effect on small businesses as discussed below.

Fiscal Analysis

Small Business Effect: This bond bill would be part of the annual State capital program. Each year, the State approves a program of general obligation bond funded capital spending. The fiscal 1998 funding totals \$415 million, an amount consistent with the level of funding authorized in prior years. The State's capital program contributes to the construction industry in Maryland, which includes many small businesses. In 1995, the total value of non-residential building construction contracts in Maryland was \$1.8 billion. The fiscal 1998

capital program will continue the State's contribution to the construction industry in Maryland but because it is only \$15 million over the fiscal 1997 level, it will not add substantially to it.
