FISCAL NOTE

House Bill 879 (Delegates Poole and Frank)

Ways and Means

Limited Liability Companies - Tax Exemption for Transfers of Real Property From a Predecessor Entity to a Limited Liability Company

This bill exempts from transfer and recordation taxes an instrument of writing transferring ownership of real property when a predecessor entity converts to one or more limited liability companies.

Fiscal Summary

State Effect: Indeterminate decrease in special fund revenues. Expenditures would not be affected.

Local Effect: Indeterminate decrease in local revenues. Expenditures would not be affected.

Small Business Effect: Minimal impact on small businesses.

Fiscal Analysis

State Revenues: State transfer tax revenues could decrease depending on the number of entities that convert to one or more limited liability companies. The State transfer tax rate is 0.5% of the value of consideration paid, and revenues are dedicated to Program Open Space, the Rural Legacy Program, the Agricultural Land Preservation Fund, and the Heritage Preservation Fund. This exemption could also reduce fees received by the clerks of the courts for collecting local recordation and transfer taxes. The extent of the exemptions that would occur and collection fees that may be lost cannot be reliably estimated at this time.

Local Revenues: As with State transfer tax revenues, local recordation and transfer tax revenues could decrease depending on the number of entities that convert to one or more

limited liability companies. The Department of Legislative Services does not have any information on which to base an estimate of the decrease. **Exhibit 1** provides a listing of local recordation and transfer tax rates for fiscal 1998. County recordation tax rates range from \$1.65 per \$500 of consideration in Somerset County to \$5.00 per \$500 of consideration in Charles County. A total of 17 counties impose a transfer tax, with rates ranging from 0.2% in Allegeny County to 6% in Montgomery County.
