FISCAL NOTE

House Bill 476 (Delegate Goldwater. *et al.*)

Economic Matters

Health Insurance - Universal Coverage

This bill requires the Maryland Health Care Access and Cost Commission (HCACC) to develop a plan to provide universal health care coverage to eligible residents of the State. The Governor will appoint a nine-member advisory committee to assist HCACC in the development of this plan. HCACC must submit a report on the universal health care coverage plan to the Governor and General Assembly by December 1, 2000.

This bill is effective June 1, 1999.

Fiscal Summary

Fiscal Analysis

State Effect: HCACC will have to hire a consultant to help research a single payor system and assist with the development of the plan for universal health care coverage. HCACC estimates that consultant fees will cost approximately \$100,000 in fiscal 2000. This figure reflects an estimated 400 billable hours at \$250 per hour in consultant fees. Future year expenditures would not be affected.

HCACC is specially funded through fees imposed on payors and providers. As a result of the increase in expenditures, HCACC would raise provider fees by an amount to exactly offset the increase in expenditures.
