FISCAL NOTE

Senate Bill 218 (Senator Blount)
(Chairman, Economic and Environmental Affairs Committee)
Economic and Environmental Affairs

State Board of Cosmetologists

This bill extends the sunset date for provisions of the Business Occupations and Professions Article related to the State Board of Cosmetologists from July 1, 2001 to July 1, 2011.

Fiscal Summary

State Effect: State finances for the State Board of Cosmetologists in the Division of Occupational and Professional Licensing would continue beyond FY 2001.

Local Effect: None.

Small Business Effect: None.

Fiscal Analysis

Background: The State Board of Cosmetologists licenses individuals who practice cosmetology in Maryland and establishes health and safety standards for the operation of cosmetology salons. The board is subject to the Maryland Program Evaluation Act, also known as the “sunset law,” which provides a system of periodic legislative review of the regulatory, licensing, and other governmental activities of various units of State government.

The bill arises out of the preliminary sunset evaluation of the State Board of Cosmetologists performed by the Department of Legislative Services (DLS) during 1998. In its report, DLS recommended that a full evaluation be waived and that the board be continued and its termination date be extended to July 1, 2011. The Legislative Policy Committee agreed with

this recommendation.

State Revenues: State revenues will be maintained beyond fiscal 2001 because the bill proposes to continue the State Board of Cosmetology. The fiscal 1999 appropriation assumes \$150,000 in general fund revenues from licensing fees. The proposed 2000 budget allowance assumes \$1,300,000 in general fund revenues. These estimates reflect the board's biannual licensing renewal schedule.

State Expenditures: State expenditures for the board will be maintained beyond fiscal 2001. The proposed fiscal 2000 budget includes \$292,300 in general fund expenditures for this board. Out-year expenditures are expected to remain relatively constant.
