14 Special Fund Appropriation 8,980,696

15 Federal Fund Appropriation 5,190,415

16 SECTION 20. AND BE IT FURTHER ENACTED, That whenever the Joint
 17 Audit Committee, through its review and evaluation process of audit reports issued
 18 by the Legislative Auditor, and after consultation with the Legislative Auditor,
 19 determines, based upon exceptions contained in the audit reports, that a particular
 20 agency (to include department, administration, division, bureau, board, or
 21 commission) does not adequately comply with State laws, rules and regulations
 22 regarding the agency's fiscal and accounting record and procedures and/or fiscal
 23 administration activities, that the committee may recommend to the Governor that
 24 the Comptroller withhold up to 25% of the salary of the secretary of the department
 25 and/or of the State official deemed responsible. The amount to be withheld, the
 26 duration of such withholding, and the date of release of any amount withheld shall be
 27 recommended by the committee after consultation with the Legislative Auditor,
 28 including any recommendations that the Legislative Auditor deems appropriate. The
 29 Governor shall advise the committee as to the decision regarding the committee's
 30 recommendations. If the Governor directs that the salary of the head of the agency
 31 and/or salary of the secretary of the department and/or salary of the State official
 32 deemed responsible be withheld, the Governor may recommend the date on which the
 33 salary shall be restored to the full amount as provided in the budget and the amount
 34 withheld to be paid. The committee shall consider the recommendations of the
 35 Governor and advise the Governor as to its decision whether or not to allow the salary
 36 to be restored to the full amount as provided in the budget and the amount withheld
 37 to be paid.

38 SECTION 21. AND BE IT FURTHER ENACTED, That the Board of Public
 39 Works, in exercising its authority to create additional positions pursuant to Section

1 7-236 of the State Finance and Procurement Article, may authorize during the fiscal
2 year no more than 50 positions in excess of the total number of authorized State
3 positions on July 1, 2000, as determined by the Secretary of Budget and Management.
4 Provided, however, that if the imposition of this ceiling causes undue hardship in any
5 department, agency, board, or commission, additional positions may be created for
6 that affected unit to the extent that positions authorized by the General Assembly for
7 the fiscal year are abolished in that unit or in other units of State government. It is
8 further provided that the limit of 50 does not apply to any position that may be
9 created in conformance with specific manpower statutes that may be enacted by the
10 State or federal government nor to any positions created to implement block grant
11 actions or to implement a program reflecting fundamental changes in federal/State
12 relationships. Notwithstanding anything contained in this section, the Board of
13 Public Works may authorize additional temporary positions to meet public
14 emergencies resulting from an act of God and violent acts of men, which are necessary
15 to protect the health and safety of the people of Maryland.

16 In addition to any positions created within the limitation of 50 under this
17 section, the Board of Public Works may authorize the creation of 250 positions within
18 the executive branch provided that 1.25 full-time contract positions or the equivalent
19 are abolished for each permanent position authorized and that there be no increase in
20 agency funds in the current budget and the next two subsequent budgets as the result
21 of this action. The Secretary of Budget and Management shall prepare a report for the
22 budget committees upon creation of these positions detailing where permanent
23 positions have been abolished. It is the intent of the General Assembly that priority be
24 given to converting individuals that have been in a contract position for at least two
25 years.

26 In addition to any positions created within the limitation of 50 under this
27 section, the Board of Public Works may authorize the creation of no more than 150
28 positions within the Department of Human Resources to provide services purchased
29 by Local Management Boards through contracts with local departments of social
30 services. If a Local Management Board terminates a contract with a local department
31 of social services during the fiscal year, all the positions created by the Board of Public
32 Works to provide services under the terms of that contract shall be abolished.

33 SECTION 22. AND BE IT FURTHER ENACTED, That it is the intent of the
34 General Assembly that all State departments, agencies, bureaus, commissions,
35 boards, and other organizational units included in the State budget, including the
36 Judiciary, shall prepare and submit items for the fiscal 2002 budget detailed by
37 "Statewide Subobject" classification in accordance with instructions promulgated by
38 the Comptroller of the Treasury. The presentation of budget data in the State budget
39 book shall include object, fund, and personnel data in the manner provided for fiscal
40 2001 except as indicated elsewhere in this Act; however, this shall not preclude the
41 placement of additional information into the budget book. For fiscal 2002, the budget
42 detail shall be available from the Department of Budget and Management's
43 automated data system at the subobject level by statewide subobject codes and
44 classifications for all agencies and shall include information concerning executive
45 changes to the budget request. To the extent possible, except for public higher
46 education institutions, subobject expenditures shall be designated by fund. The

1 agencies shall exercise due diligence in reporting these data and ensuring
2 correspondence between reported position and expenditure data for the actual,
3 current, and budget fiscal years. These data shall be made available upon request and
4 in a format subject to the concurrence of the Department of Legislative Services.
5 Further, the expenditure of appropriations shall be reported and accounted for by the
6 subobject classification in accordance with the instructions promulgated by the
7 Comptroller of the Treasury.

8 Further provided due diligence shall be taken to accurately report full-time
9 equivalent position counts of contractual positions in the budget books. For the
10 purpose of this count, contractual positions are defined as those individuals having an
11 employee-employer relationship with the State. This count should include those
12 individuals in higher education institutions who meet this definition but are paid
13 with additional assistance funds.
