Baltimore City - Recordation of Deeds - Assessment Books

This bill provides that, in Baltimore City, a deed or other instrument which effects a change of ownership on the assessment books may not be recorded until the property granted is transferred on Baltimore City's assessment books. Transfer of property on the assessment books must be evidenced on the instrument being recorded.

The bill requires the Clerk of the Court of the Circuit Court of Baltimore City, the Administrative Office of the Courts, the State Department of Assessments and Taxation (SDAT), and the Custodian of Records in the Baltimore City Department of Public Works to formulate procedures for recording instruments under the bill.

Fiscal Summary

State Effect: General fund expenditures could increase by \$126,700 in FY 2001, reflecting the bill's October 1, 2000, effective date. Out-year projections reflect annualization and inflation. The FY 2000 State budget includes \$126,902 contingent upon enactment of this bill.

Analysis

Current Law: In Baltimore, Carroll, Cecil, Charles, Dorchester, Harford, Howard, Montgomery, St. Mary's, Washington, and Worcester counties, a deed or other instrument which effects a change of ownership on the assessment books may not be recorded until the property granted is transferred on the local assessment books. Transfer of property on the assessment books must be evidenced on the instrument being recorded.

Background: SDAT records all transfers in the property tax assessment records, except in Baltimore City. In Baltimore City, the city's Department of Public Works records the transfers and then provides the information to SDAT. SDAT maintains the records of all such transfers, including those from Baltimore City. Delays in the transfer of information from Baltimore City to SDAT can prevent recent transfers from being readily apparent to the public. The bill would authorize Baltimore City and SDAT to develop a system of recording the transfers to address this delay.

State Fiscal Effect: In fiscal 1999, there were approximately 23,200 transfers of property in Baltimore City. If SDAT assumes responsibility for recording the transfers under the procedures authorized by the bill, general fund expenditures could increase by an estimated \$126,700 in fiscal 2001, which accounts for the bill's October 1, 2000, effective date. This estimate reflects the cost of hiring four office clerks and one records supervisor to record transfers from Baltimore City in the assessment records. It includes salaries, fringe benefits, one-time start-up costs, and ongoing operating expenses.

Salaries and Fringe Benefits	\$117,200
Operating Expenses	<u>9,500</u>
Total FY 2001 State Expenditures	\$126,700

Future year expenditures reflect (1) full salaries with 4.5% annual increases and 3% employee turnover; and (2) 1% annual increases in ongoing operating expenses.

General funds totaling \$126,902 are included in the fiscal 2001 budget contingent on passage of this bill.
