Analysis

Current Law: Counties, incorporated cities or towns, and taxing districts must file a financial report covering the full period of the previous fiscal year by November 1 to DLS. A political subdivision of the State that is authorized to incur debt to be redeemed

from a fee, charge, or the proceeds of a levy must submit a comprehensive report on the financial condition of the subdivision as of the end of that fiscal year to the department within 120 days. The annual financial reports must be properly filed on forms established by DLS and must be verified by the chief executive officer of each jurisdiction. The fiscal year for counties, municipalities, and taxing districts is July 1 through June 30.

Background: The annual financial report due to DLS is commonly known as the Uniform Financial Report. The Uniform Financial Report is due to DLS by November 1 of each year. It has been common practice for DLS to grant a 60-day extension of the annual financial report and the indebtedness report upon receipt of a reasonable request. Historically, Baltimore City and Anne Arundel, Baltimore, Montgomery, and Prince George's counties have requested the 60-day extension every year.
