

Department of Legislative Services
Maryland General Assembly
2002 Session

FISCAL NOTE

Senate Bill 823
Budget and Taxation

(Senator Kittleman, *et al.*)

Creation of a State Debt - Howard County - Blandair Mansion
Ho. Co. 7-02

The bills listed below authorize the issuance of general obligation bonds to provide grants to various recipients for the acquisition, planning, design, construction, expansion, repair, restoration, renovation, reconstruction, or capital equipping of various facilities.

Most bills require either a hard or soft match as noted. Where no match is required the term “grant” is indicated. A hard match means the recipient provides a dollar for dollar match of the State funds and does not expend the matching funds until after the effective date of the authorizing act. A soft match is any other type of match. Soft matches include the use of the value of the real property as the match; in kind contributions such as materials or construction services; or funds expended prior to the effective date of the bill. A match key is provided immediately below the list of projects.

The list is organized into three categories: Maryland Hospital Association (MHA) projects, statewide bond bills, and local bond bills. Within the local bond bill category the projects are sorted first by the county in which the project is located and then alphabetically by project title. Most projects have both a House and a Senate bill.

In the capital budget, as introduced, the Governor allocated \$5 million for nine private hospital projects. Additionally, the Governor’s budget as introduced left \$15.0 million unallocated for statewide and local bond bill projects. Bills in these two categories for 142 projects totaling \$79.8 million had been introduced as of March 1, 2002. Over the past five years, the General Assembly has made reductions to other areas of the capital budget to provide funding for statewide and local bond bills averaging \$22.9 million.

Fiscal Summary

State Effect: These grants would be part of the total general obligation debt authorization for FY 2003. The Spending Affordability Committee recommended a general obligation debt authorization of \$720.0 million for FY 2003. The Governor's budget as introduced assumes general obligation debt authorizations totaling \$731.1 million. State debt service costs on \$720 million would be a maximum of \$79.0 million annually based on an interest rate of 5.5%.

Local Effect: None, unless the recipient is a local government.

Small Business Effect: Minimal.
