11 Preamble

12 WHEREAS, Thousands of Maryland seniors and individuals with disabilities  
13 live independently in their own homes, which they prefer and which are less costly  
14 than institutional care such as nursing homes; and

15 WHEREAS, Many Maryland seniors and individuals with disabilities currently  
16 receive personal home care services from individual providers hired directly by the  
17 individuals under State and federally funded programs; and

18 WHEREAS, Quality personal home care services allow Maryland seniors,  
19 individuals with disabilities, and the individuals' families the choice of allowing  
20 seniors and individuals with disabilities to remain in their homes, rather than forcing  
21 them into institutional care; and

22 WHEREAS, Home and community-based options are less costly than nursing  
23 homes and other institutional care, and therefore save Maryland taxpayers  
24 significant amounts of money; and

25 WHEREAS, There is a growing shortage of qualified individuals to provide  
26 personal home care services to seniors and individuals with disabilities in the State,  
27 and Maryland's Task Force on Personal Care in 1999 found "a documented problem in  
28 securing and retaining quality care givers" due, in part, to a lack of consumer  
29 involvement and inadequate State coordination; and

30 WHEREAS, Consumers are well served by programs that support  
31 self-direction, individual autonomy, dignity, and choice; now, therefore
