**Analysis**

**Current Law:** MDE establishes noise standards, sound level limits, and noise control rules and regulations as necessary to protect the public health, the general welfare, and property. MDE is not authorized to adopt standards, limits, or rules and regulations that apply to noise from construction or repair work on public property or fire or rescue station alerting devices. MDE must enforce the noise control rules and regulations. To

the extent possible, MDE must use the facilities and services of appropriate agencies of political subdivisions in its enforcement.

**Background:** The only fair in Frederick County or Frederick City that was listed in the Maryland Agricultural Fairs and Shows Schedule for 2002 was the Great Frederick Fair held at the Frederick Fairgrounds in Frederick City. Numerous events, such as animal field days and agricultural events, are also held at the fairgrounds.
