

**Department of Legislative Services**  
Maryland General Assembly  
2003 Session

**FISCAL AND POLICY NOTE**

House Bill 96  
Appropriations

(Delegate Conroy, *et al.*)

---

**Creation of a State Debt - Prince George's County - Bowie Center for the  
Performing Arts**

---

The bills listed below authorize the issuance of general obligation bonds to provide grants to various recipients for the acquisition, planning, design, construction, expansion, repair, restoration, renovation, reconstruction, or capital equipping of various facilities.

Most bills require either a hard or soft match as noted. Where no match is required the term “grant” is indicated. A hard match means the recipient provides a dollar for dollar match of the State funds and does not expend the matching funds until after the effective date of the authorizing act. A soft match is any other type of match. Soft matches include the use of the value of the real property as the match, in kind contributions such as materials or construction services, or funds expended prior to the effective date of the bill. A match key is provided immediately below the list of projects.

The list is organized into three categories: Maryland Hospital Association (MHA) projects, statewide bond bills, and local bond bills. Within the local bond bill category the projects are sorted first by the county in which the project is located and then alphabetically by project title. Most projects have both a House and a Senate bill.

In the capital budget, as introduced, the Governor allocated \$5 million for nine private hospital projects. Additionally, the Governor’s budget as introduced left \$15.0 million unallocated for statewide and local bond bill projects. Bills in these two categories for 121 projects totaling \$76.7 million had been introduced as of March 4, 2003. Last year, the General Assembly did not authorize funds for statewide and local bond bill projects due to the State’s fiscal condition and the need to use general obligation bond funding as replacement for reverted previously authorized projects. Prior to last year, however, the General Assembly has made reductions in other areas of the capital budget to provide funding for statewide and local bond bills averaging \$22.9 million.

---

## Fiscal Summary

**State Effect:** These grants would be part of the total general obligation debt authorization for FY 2004. The Spending Affordability Committee recommended a general obligation debt authorization of \$740 million for FY 2004. The Governor's budget as introduced assumes general obligation debt authorizations totaling \$740 million. State debt service costs on \$740 million would be a maximum of \$80 million annually based on an interest rate of 5.25%. The State last sold bonds on February 19, 2003 and those bonds bear the single coupon rate of 5.25% over 15 years.

**Local Effect:** None, unless the recipient is a local government.

**Small Business Effect:** Minimal.

## Analysis

### 2003 Session Bond Bills Introduced
