Analysis

Current Law: Children over the age of 10 are prohibited from accompanying a voter into the voting booth. Other individuals allowed into a voting booth are: (1) election

judges assisting voters upon request; (2) polling place staff; (3) a member or other representative of the State or local board of elections; (4) accredited watchers or challengers; (5) individuals assisting a physically disabled voter or a voter who is unable to read the English language; and (6) any other individual authorized by the State board or local board.

A person over the age of 10 may not accompany a voter into a voting booth, with certain exceptions for voters who require assistance.

Additional Information

Prior Introductions: HB 36 of 2003 would have allowed individuals under the age of 15 to accompany voters in the booth. HB 14 of 2003 would have allowed a child under the age of 13 to do the same. Both bills were unfavorably reported from the House Ways and Means Committee. SB 23 of 2003 would have allowed a "minor child" into the voting booth. That bill was passed by the Senate, but unfavorably reported from the House Ways and Means Committee.

Cross File: None designated, although SB 95 is nearly identical.
