# **Department of Legislative Services**

Maryland General Assembly 2004 Session

### FISCAL AND POLICY NOTE

Senate Bill 311
Budget and Taxation

(Senator Munson, et al.)

### **Creation of a State Debt - Washington County - King Farm Park**

The bills listed below authorize the issuance of general obligation bonds to provide grants to various recipients for the acquisition, planning, design, construction, expansion, repair, restoration, renovation, reconstruction, or capital equipping of various facilities.

Most bills require either a hard or soft match as noted. Where no match is required the term "grant" is indicated. A hard match means the recipient provides a dollar-for-dollar match of the State funds and does not expend the matching funds until after the effective date of the authorizing act. A soft match is any other type of match. Soft matches include the use of the value of the real property as the match, in kind contributions such as materials or construction services, or funds expended prior to the effective date of the bill. A match key is provided immediately below the list of projects.

The list is organized into three categories: Maryland Hospital Association (MHA) projects, statewide bond bills, and local bond bills. Within the local bond bill category the projects are sorted first by the county in which the project is located and then alphabetically by project title. Most projects have both a House and a Senate bill.

In the capital budget as introduced, the Governor allocated approximately \$3.5 million for six private hospital projects. Additionally, as introduced the Governor's budget left \$30.4 million unallocated for statewide and local bond bill projects. Bills in these two categories for 160 projects totaling \$71.6 million had been introduced as of February 23, 2004. Last year, the General Assembly preauthorized \$30.4 million for fiscal 2005 in the Maryland Consolidated Capital Bond Loan of 2003 (2003 MCCBL). This included \$12.7 million in the Community Based Regional Initiative Loan of 2004 (CBRI). Individual CBRI projects were selected by the House and included in the 2003 MCCBL as preauthorized projects. An additional \$17.7 million was preauthorized for the Legislative Community Initiatives Loan of 2004, of which \$12.7 million is for projects selected by

the Senate and \$5.0 million is for projects agreed upon by both houses and individually listed in the 2004 MCCBL.

## **Fiscal Summary**

**State Effect:** These grants would be part of the total general obligation debt authorization for FY 2005. The Spending Affordability Committee recommended a general obligation debt authorization of \$655 million for FY 2005. The Governor's budget as introduced assumes general obligation debt authorizations totaling \$655 million. State debt service costs on \$655 million would be a maximum of \$69.7 million annually based on an interest rate of 5.00%. The State last sold bonds in August, 2003 and those bonds bear the single coupon rate of 5.00% over 15 years.

**Local Effect:** None, unless the recipient is a local government.

Small Business Effect: Minimal.

## **Analysis**
