D. C. . . . 4 . . P. . . 1 . . .

By: Senator Pinsky

Introduced and read first time: February 4, 2005

Assigned to: Education, Health, and Environmental Affairs and Finance

A BILL ENTITLED

1 AN ACT concerning

2 State Government - Energy Efficiency Standards

- 3 FOR the purpose of altering certain minimum efficiency standards for certain
- 4 products; authorizing the Maryland Energy Administration to limit certain
- 5 delays for certain categories of products; requiring the Administration to adopt
- 6 certain procedures by rule after notice and comment; authorizing certain
- 7 manufacturers who make certifications in other states based on standards that
- 8 are equal to or more stringent than the standards in Maryland to use the same
- 9 certification in Maryland that was used in other states; providing for the
- application of certain labeling requirements; requiring certain labels on certain
- products; setting forth the effective date for the implementation of certain
- efficiency standards; providing for a delayed effective date for certain labeling
- requirements; defining certain terms; altering certain terms; and generally
- relating to energy efficiency standards.
- 15 BY repealing and reenacting, with amendments,
- 16 Article State Government
- 17 Section 9-2006
- 18 Annotated Code of Maryland
- 19 (2004 Replacement Volume)
- 20 SECTION 1. BE IT ENACTED BY THE GENERAL ASSEMBLY OF
- 21 MARYLAND, That the Laws of Maryland read as follows:
- 22 Article State Government
- 23 9-2006.
- 24 (a) (1) In this section the following words have the meanings indicated.
- 25 "Ceiling fan" means a nonportable device that is suspended from a
- 26 ceiling for the purpose of circulating air via the rotation of fan blades.
- 27 (3) "Ceiling fan light kit" means equipment designed to provide light
- 28 from a ceiling fan, which can be:

1 2	fan; or	(i)	integral.	such that the equipment is hardwired to the ceiling
			ng fan bu	ole, such that at the time of sale the equipment is not at may be included inside the ceiling fan rately for subsequent attachment to the fan.
6 7	(4) soft mount top-loadin			thes washer" means a soft mount front-loading or hat is designed for use in:
8 9	will be using it, include	(i) ding mult		ions where the occupants of more than one household ousing common areas and coin laundries; or
10 11	compartment is not g	(ii) reater tha		mmercial applications, if the clothes container
12			1.	3.5 cubic feet for horizontal-axis clothes washers; or
13			2.	4.0 cubic feet for vertical-axis clothes washers.
16 17	freezer, or refrigerate facilities for the purp	ose of sto	designed oring food	ercial refrigeration cabinet" means a refrigerator, I for use by commercial or institutional I products, ice, or other perishable items at configured with either solid or transparent
19			1.	reach-in cabinet;
20			2.	pass-through cabinet;
21			3.	roll-in cabinet; or
22			4.	roll-through cabinet.
23		(ii)	"Comm	ercial refrigeration cabinet" does not include:
24			1.	a product with 85 cubic feet or more of internal volume;
25			2.	a walk-in refrigerator or walk-in freezer; [or]
26 27		onservatio	3. on Act of	a consumer product regulated under the National 1987 (Public Law 100-12); OR
28 29		EXCLUS	4. SIVELY I	ANY ULTRA-LOW TEMPERATURE FREEZER DESIGNED FOR MEDICAL, SCIENTIFIC, OR RESEARCH PURPOSES.
30 31	(/			" MEANS A CEILING FAN DESIGNED FOR THE MOTOR THE CEILING WITHOUT AN EXTENDER.

	[(6)] (7) that is designed to be perm background of which is no	nanently fixed	ated exit sign" means an internally illuminated sign in place to identify an exit and the
4 5	(8) (I) INSTALLATION.	"INSTA	LLER" MEANS ANY PERSON RECEIVING PAYMENT FOR
	(II) PRODUCT LISTED UND RESIDENCE OR BUSIN	DER SUBSEC	LLER" DOES NOT INCLUDE ANY PERSON INSTALLING A TION (B) OF THIS SECTION IN HIS OR HER OWN
9 10	[(7)] (9) air-conditioning equipme		packaged air-conditioning equipment" means packaged 20 tons OR MORE of cooling capacity.
11 12	[(8)] (10) distribution transformer the		"Low-voltage dry-type distribution transformer" means a
13		1.	has an input voltage of 600 volts or less;
14		2.	is air-cooled; and
15		3.	does not use oil as a coolant.
16 17	(ii) include any of the following		oltage dry-type distribution transformer" does not ers:
	windings are not electronic is derived from the primare		an autotransformer in which the primary and secondary and at least a portion of the secondary voltage
21 22	operate an electronic varia	2. able speed mo	a drive transformer designed only to provide power to otor drive;
23 24	system ground reference J	3. point;	a grounding transformer designed only to provide a
25 26	higher than normal harmo	4. onic current le	a harmonic transformer designed to supply a load with a vel and that has a k-rating of k-4 or greater;
27 28	of less than 4% or greater	5. than 8%;	an impedance transformer that has a specified impedance
29 30	to machine tool equipmen	6. at;	a machine tool transformer designed only to provide power
	rectifier circuit and that he power rating and the RMS		a rectifier transformer designed to provide power only to a e rating for both the fundamental frequency
34		8.	a regulating transformer with automatic tap changers;

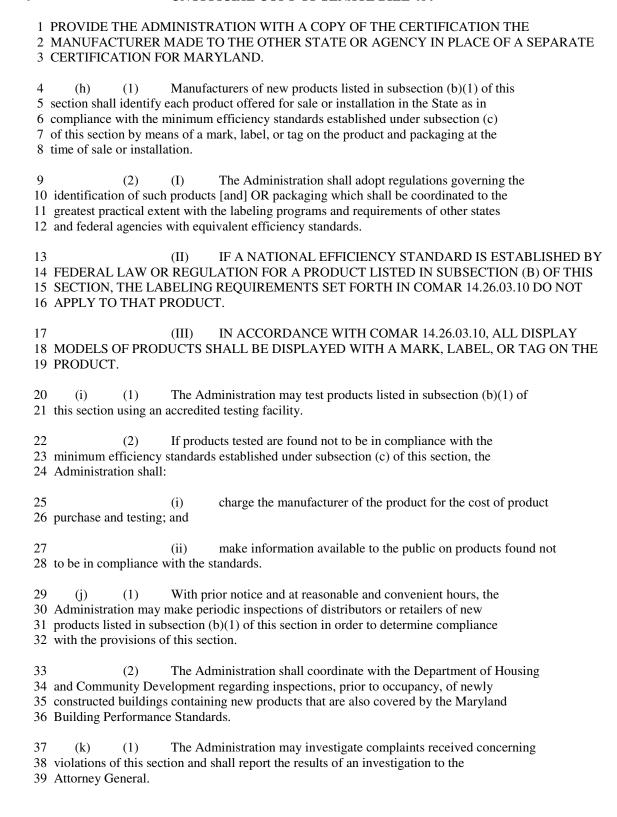

1 2	9. a sealed and nonventilating transformer designed to prevent airflow through the transformer;	
3 4	a testing transformer designed only as part of, or to suppower to, electrical test equipment;	pply
5 6	a UPS transformer designed only as an integral part of uninterruptible power system; or	an
7 8	a welding transformer designed only to provide power welding equipment.	to
9 10	[(9)] (11) "Packaged air-conditioning equipment" means air-conditioning equipment that is built as a package and shipped as a whole to end-user sites.	
	[(10)] (12) "Pass-through cabinet" means a commercial refrigerator or commercial freezer with hinged or sliding doors on both the front and rear of the refrigerator or freezer.	
	[(11)] (13) (i) "Reach-in cabinet" means a commercial refrigerator, commercial freezer, or commercial refrigerator-freezer with hinged or sliding doors or lids.	
17 18	(ii) "Reach-in cabinet" does not include a roll-in or roll-through cabinet or a pass-through cabinet.	
	[(12)] (14) "Roll-in cabinet" means a commercial refrigerator or commercial freezer with hinged or sliding doors that allow wheeled racks of product to be rolled into the refrigerator or freezer.	
	[(13)] (15) "Roll-through cabinet" means a commercial refrigerator or commercial freezer with hinged or sliding doors that allow wheeled racks of product to be rolled through the refrigerator or freezer.	
	[(14)] (16) "Torchiere lighting fixture" means a portable electric lighting fixture with a reflector bowl giving light directed upward so as to give indirect illumination.	
28 29	[(15)] (17) "Traffic signal" means a device consisting of a set of signal light operating in sequence and placed at intersections to regulate traffic.	nts
30 31	[(16)] (18) "Traffic signal module" means a standard 8-inch (200mm) or 12-inch (300mm) round traffic signal indication that:	
32 33	(i) consists of a light source, lens, full-color ball, and all parts necessary for operation; and	
34 35	(ii) communicates movement messages to drivers through red, amber, and green colors.	

3				at transfe	ormer" means a device consisting essentially of two or results alternating current by electromagnetic der to change the original voltage or current
5 6	that:	[(18)]	(20)	(i)	"Unit heater" means a self-contained fan-type heater
7				1.	is designed to be installed within the heated space; and
8 9	fan for circul	ating air	over a he	2. at exchai	includes an apparatus or appliance to supply heat and a age surface, all enclosed in a common casing.
10 11	under the fee	deral Ene	(ii) ergy Polic		ater" does not include a "warm air furnace" as defined 1992.
					TEMPERATURE FREEZER" MEANS A FREEZER RATURES OF LESS THAN MINUS 40 DEGREES
15 16		(22) AVAILA			ILABLE IN MARYLAND" MEANS A CONFORMING ATE FROM THREE OR MORE MANUFACTURERS.
	\ /				ies to the testing, certification, and enforcement of ypes of new products sold, offered for sale, or
20			(i)	torchiere	e lighting fixtures;
21			(ii)	unit hear	ters;
22			(iii)	low-volt	age dry-type distribution transformers;
23			(iv)	ceiling f	ans and ceiling fan light kits;
24			(v)	red and	green traffic signal modules;
25			(vi)	illumina	ted exit signs;
26			(vii)	commer	cial refrigeration cabinets;
27			(viii)	large pa	ckaged air-conditioning equipment; and
28			(ix)	commer	cial clothes washers.
29		(2)	This sec	tion does	not apply to:
30 31	State;		(i)	new pro	ducts manufactured in the State and sold outside the

1 2			new products manufactured outside the State and sold at nal retail sale and installation outside the State;
3 4	construction; or	iii) _J	products installed in mobile manufactured homes at the time of
5 6	recreational vehicles.	iv) į	products designed expressly for installation and use in
		minimu	Fore January 1, 2004, the Administration shall adopt m efficiency standards for the types of new products this section.
10 11	(2) T standards:	Γhe regul	lations shall provide for the following minimum efficiency
12 13	'		torchiere fixtures may not consume more than 190 watts and g with lamps that total more than 190 watts;
		TENT I	unit heaters [may not have pilot lights] SHALL BE EQUIPPED GNITION DEVICE and shall have either power venting or an

3 4	(ii) Except as provided in subparagraphs (iii) and (iv) of this paragraph, on or after January 1, 2006, a new product of a type set forth in subsection (b)(1) of this section may not be installed in the State unless the efficiency of the new product meets or exceeds the efficiency standards set forth in the regulations adopted under subsection (c) of this section.
6 7	(iii) Ceiling fan light kits that do not meet the energy efficiency standards may be installed in the State until January 1, 2008.
	(iv) Commercial clothes washers that do not meet the efficiency standards under subsection $(c)(2)(ix)$ of this section may be installed in the State until January 1, 2008.
11 12	(e) (1) By regulation, the Administration may clarify but not expand the scope of the devices defined under subsection (a) of this section.
15 16	(2) On request of a Maryland business or consumer and after public notice and comment, the Administration may delay the effective date of any standard under this section by not more than 1 year if the Administration determines that products conforming to the standard will not be widely available in Maryland by the applicable date stated in subsection (d)(1) of this section.
	$(3) \qquad \text{THE ADMINISTRATION MAY LIMIT A DELAY UNDER PARAGRAPH (2)} \\ \text{OF THIS SUBSECTION TO IDENTIFIABLE SUBCATEGORIES OF ANY CATEGORY OF COVERED PRODUCTS}.}$
23	(f) (1) [The] AFTER PUBLIC NOTICE AND COMMENT, THE Administration shall adopt procedures BY RULE for testing the energy efficiency of the new products listed in subsection (b)(1) of this section if testing procedures are not provided for in the Maryland Building Performance Standards.
25 26	(2) The Administration shall use appropriate nationally recognized test methods such as those approved by the United States Department of Energy.
29	(3) The manufacturers of new products listed in subsection (b)(1) of this section shall cause samples of their products to be tested in accordance with the test procedures adopted under this subsection or those specified in the Maryland Building Performance Standards.
	(g) (1) Manufacturers of new products listed in subsection (b)(1) of this section shall certify to the Administration that the products are in compliance with the provisions of this section.
	(2) (I) The Administration shall adopt regulations governing the certification of new products and may coordinate with the certification programs of other states with similar standards.
	(II) ANY MANUFACTURER THAT HAS CERTIFIED A PRODUCT TO ANOTHER STATE OR TO THE FEDERAL ENERGY STAR PROGRAM WITH EFFICIENCY STANDARDS EQUIVALENT TO OR MORE STRINGENT THAN MARYLAND'S MAY

- 1 (2) The Attorney General may institute proceedings to enforce the 2 provisions of this section.
- 3 (3) A manufacturer, distributor, or retailer of new products listed in 4 subsection (b)(1) of this section that violates any provision of this section shall be
- 5 issued a warning by the Administration for a first violation.
- 6 (4) Repeat violators shall be subject to a civil penalty of not more than 7 \$250.
- 8 (5) Each violation of this section shall constitute a separate offense and 9 each day that a violation continues shall constitute a separate offense.
- 10 (6) Penalties assessed under this subsection are in addition to costs 11 assessed under subsection (i)(2)(i) of this section.
- 12 (7) Penalties assessed under this subsection shall be paid into the 13 General Fund of the State.
- 14 SECTION 2. AND BE IT FURTHER ENACTED, That the effective date for the
- 15 implementation of efficiency standards for unit heaters and commercial refrigeration
- 16 cabinets set forth in COMAR 14.26.03.06A shall be 90 days after the effective date of
- 17 this Act.
- 18 SECTION 3. AND BE IT FURTHER ENACTED, That the labeling
- 19 requirements set forth in COMAR 14.26.03.10 may not take effect until March 1,
- 20 2006.
- 21 SECTION 4. AND BE IT FURTHER ENACTED, That this Act shall take effect 22 June 1, 2005.
