9. Description and Purpose of Grantee Organization		
Moveable Feast provides nutritionally appropriate meals and nutritional counseling to low income individuals and families struggling with HIV/AIDS who are homebound in the City of Baltimore, the five surrounding counties and the nine counties on Maryland's Eastern Shore. This regimen, when combined with drug therapies, most often improves the health of those who are not only infected, but very sick as well, thus reducing the need for taxpayer financed hospitalization and other expensive medical care. Meal service is also provided to drop-in centers that serve the homeless, many of whom are HIV infected. A daily shuttle service called People on the Move is also provided to the homeless to assist them in getting from shelters to social service agencies and back again. In addition, Moveable Feast operates a culinary and life skills training program that prepares people with few, if any, marketable skills for jobs in the food service industry. And finally, the organization provides transportation for its clients to get them to and from medical appointments. A goal is to expand these services to include people with other life-threatening conditions, such as women with breast cancer.		
10. Description and Purpose of Project		
Moveable Feast is currently renting space in the old Haussner's Restaurant building on Eastern Avenue in the Highlandtown section of Baltimore City. While the building holds fond memories for many, it is enormously expensive to maintain and almost twice the space needed to operate efficiently. Rent, water, gas and electric costs on average about \$13,000/month. Heating and cooling systems are unoperable in the kitchen and in much of the office space. The plumbing and wiring is antiquated and therefore poses potential hazards in use with today's office and kitchen equipment.		
<i>Round all amounts to the nearest \$1,000. The totals in Items 11 (Estimated Capital Costs) and 12 (Proposed Funding Sources) must match. The proposed funding sources must not include the value of real property unless an equivalent value is shown under Estimated Capital Costs.</i>
