6. Purpose of Bill

Contruction and capital equipping of a community center. The center will include a computer lab and an all-purpose community room, to be located in Westminster in Carroll County.

7. Matching Fund Requirements

Grantee will provide and expend a matching fund. The fund may consist of real property, in kind contributions, or funds expended prior to the efective date of the Act.

8. Special Provisions

No portion of the proceeds of the loan or any of the matching funds will be used for the futherance of sectarian religious intstruction, or in connection with the design, acquisition, or construction of any building used or to be used as a place of sectarian religious whorship or instruction, or in connection with any program or department of devinity or any religious denomination.

9. Description and Purpose of Grantee Organization

The Westminster Community of Shalom is a nonprofit organization, a 501c3, whose mission is to improve the community in which we live. We have formed collaborative relationships with the community, government, faith communities, and other nonprofit groups. The Community Center will provide a healthy and safe place for children to go after school, where they will do homework, participate in organized activities and improve computor skills, which will improve their proformance in school. These activities are currently being provided through our partnership with the Union Street United Methodist Church. For the last five years this group has also provided an extensive and successful sports program to the children of this community.

10. Description and Purpose of Project

The Union Street Community Center will have approximately 6,750 square feet. It will contain a basement level, and two above ground levels. The facade is intended to resemble the surrounding properties, and the building will go to the sidewalk. It is designed to be a flexible space suitable for various community programming needs. There will be adult tutoring, parenting classes, outreach to senior citizens and health enhancement activities. The Boys and Girls Club of Central MD will operate programs from 3 PM to 9 PM. A door-to-door survey in the community showed that 85% of residents of the area are low-and moderate-income. Because of poor public transportation many services are unavailable to this community. There will be one full time and one part time person employed. Many organizations throughout Carroll County are offering volunteer services for the Center.

Round all amounts to the nearest \$1,000. The totals in Items 11 (Estimated Capital Costs) and 12 (Proposed Funding Sources) must match. The proposed funding sources must not include the value of real property unless an equivalent value is shown under Estimated Capital Costs.
