Senate Bill 316  
Finance

(Senator Klausmeier)

Health and Government Operations

---

**Health Insurance - Pharmacies - Electronic Reimbursement**

---

This bill requires a health insurer, nonprofit health service plan, or HMO (carrier) that provides prescription drug coverage and requires a pharmacy to submit a request for payment electronically to reimburse that pharmacy electronically at the pharmacy's request.

The bill takes effect October 1, 2006.

---

**Fiscal Summary**

**State Effect:** None. The bill pertains exclusively to private sector activities.

**Local Effect:** None.

**Small Business Effect:** Potential minimal. Electronic reimbursement could reduce small business pharmacy administrative costs.

---

**Analysis**

**Current Law:** The Medicaid program is required to reimburse a pharmacy electronically, upon request, if Medicaid requires the pharmacy to submit its request for reimbursement electronically.

**Background:** HB 512 of 2004, an identical bill, was referred to interim study last session and the Health and Government Operations' Insurance Subcommittee held a

briefing on November 9, 2004 to hear from the pharmacy industry and payors. Opinions on the feasibility of requiring electronic reimbursement varied.

---

### **Additional Information**

**Prior Introductions:** An identical bill, HB 512 of 2004, was referred to interim study by the Health and Government Operations Committee.

**Cross File:** HB 417 (Delegate Morhaim, *et al.*) – Health and Government Operations.
