Analysis

Current Law: The State Board of Education consists of 11 regular members and 1 student member with limited voting privileges. Members are appointed from the general public by the Governor with the advice and consent of the Senate. In making appointments, the Governor must consider representation from all parts of the State and areas of the State with concentrations of population or unique needs. An individual who is subject to the authority of the board, the Governor, and the State Superintendent of Schools are not eligible for appointment to the board. Board members are not required to be parents of students enrolled in Maryland public schools.

Background: The State Board of Education sets broad policies and standards for primary and secondary education in Maryland. The board may also institute legal proceedings to enforce education laws and regulations and decides controversies and disputes relating to education bylaws.

Additional Information

Prior Introductions: HB 1019 of 2003 would have added a parent member to the State Board of Education. The Ways and Means Committee took no action on the bill.
