Baltimore County				\$400,000			
6 Purnosa of Rill							

#### 6. Purpose of Bill

Authorizing the creation of a State Debt not to exceed \$400,000, the proceeds to be used as a grant to the County Executive and County Council of Baltimore County for the planning, design, and construction of an artificial turf field to be located in Baltimore County.

### 7. Matching Fund Requirements

This bill requires a standard match.

#### 8. Special Provisions

None.

#### 9. Description and Purpose of Grantee Organization (3000 characters maximum)

Local government

# 10. Description and Purpose of Project (3000 characters maximum)

Artificial surfaces for athletic fields have improved immensely over the last ten years. The primary advantages are durability and usability after precipitation. Maintenance costs over the long run is lower than natural turf and, because the fields can be used much more frequently and do not need to be taken out of service due to re-growth requirements, cost per use is also less over the long run. The current plan is to build artificial surface fields at Seminary Park, which is one of the most heavily used sites in the County and at Catonsville High School, which would allow both more use by the high school and additional community use of this field for non-high school related athletic events

Round all amounts to the nearest \$1,000. The totals in Items 11 (Estimated Capital Costs) and 12 (Proposed Funding Sources) must match. The proposed funding sources must not include the value of real property unless an equivalent value is shown under Estimated Capital Costs.

#### 11. Estimated Capital Costs

Acquisition	
Design	\$100,000
Construction	\$1,900,000
Equipment	
Total	\$2,000,000
