9. Description and Purpose of Grantee Organization (3000 characters maximum)				
<p>The City of Bowie currently receives police services from Prince George's County. In November 2005, there was an advisory question on the ballot asking the residents if they wanted to establish a local police department. The response to that question was overwhelmingly favorable, with a 77% affirmative vote. The City Council made a decision in November 2005 to move forward with the implementation of a local police department. That process is underway and the City is currently recruiting for a Chief of Police. The City expects to begin hiring other officers and support staff in FY2007. City Council envisions a department containing 57 sworn officers along with 11 civilian employees. The anticipated operating budget for the department is in the \$7-8 million range. It is expected that it will take some five years to reach the desired staffing level. For the first couple of years, the police will be housed at Bowie City Hall, which will necessitate relocating portions of existing City operations.</p> <p>A 25,000 square foot police headquarters building is expected to be needed for the new Bowie police department. The planning and design for this facility are expected to cost approximately \$400,000 and this bond bill proposal requests State support for 50% of that amount.</p>
