#### 6. Purpose of Bill

Authorizing the creation of a State Debt in the amount of \$500,000, the proceeds to be used as a grant to the Board of Directors of The Forest Park Senior Center, Inc. for the repair, renovation, and capital equipping of the Forest Park Senior Center, located in Baltimore City.

### 7. Matching Fund Requirements

This bill requires a matching fund of \$300,000 that may consist of funds expended prior to the effective date of the Act. No part of the fund may consist of real property or in-kind contributions.

#### 8. Special Provisions

None

#### 9. Description and Purpose of Grantee Organization (3000 characters maximum)

The Forest Park Senior Center is a project in part funded by the Baltimore City's Commission on Aging and Retirement Education (CARE). It was founded in 1979 as a voluntary non-profit agency serving elderly citizens in Northwest Baltimore. Its catchment area is bounded by Patterson Ave. on the west, Lewin and Belvedere Ave.and Northern Parkway to the north, Jones Falls, Druid Park Dr., and Reisterstown Rd. on the east and North Ave. to the south. The senior population in this area approximates 10,000 and is increasing. The center is now in its 27<sup>th</sup> year of providing services and programs to the elderly in this sector of the city. Programs include recreation, health and physical fitness and nutrition. Many of the activities revolve around promoting the social, mental and physical wellbeing of the members. There are more than 30 varying activities and services provided each month.

## 10. Description and Purpose of Project (3000 characters maximum)

Forest Park Senior Center is located in a former Baltimore City Schoolthat was constructed as an addition to an earlier structure (now part of the adjacent Oaks at Liberty Senior Apartments) in 1957. The senior center has occupied the building since 1988. Although the building has ample space for a variety of uses, the basement and second floor are not fully utilized due to the lack of an elevator. The basement is in disrepair and much of the second floor requires upgrade. It is currently used by the Community Arts Project (Encore), Inc., a non-profit theater group. The center acquired the property from the city in August 2005 and plans to renovate and repair the facility to include upgrading and modernizing systems e.g. plumbing fixtures, doors, room configurations, heating and air conditioning, ADA requirements, windows, insulation, roofing and some capital equipment. Planned new configurations include a health suite, meeting rooms, computer lab, fitness and music rooms, recreational space, etc. The total square footage of this project approximates 21,000 sf. When completed, this center will serve upwards of 1500 persons annually and employ as many as 10 people (current employed = 3).

Round all amounts to the nearest \$1,000. The totals in Items 11 (Estimated Capital Costs) and 12 (Proposed Funding Sources) must match. The proposed funding sources must not include the value of real property unless an equivalent value is shown under Estimated Capital Costs.

11. Estimated Capital Costs										
Acquisition							\$13,500
