Montgomery County				\$500,000		
(D enul						

6. Purpose of Bill

Authorizing the creation of a State Debt to serve as a grant to the Mayor and City Council of the City of Rockville for the design, construction, and capital equipping of the Rockville Community Center.

7. Matching Fund Requirements

This bill requires a standard match.

8. Special Provisions

None.

9. Description and Purpose of Grantee Organization (3000 characters maximum)

The City of Rockville is an incorporated municipality in the State of Maryland.

10. Description and Purpose of Project (3000 characters maximum)

This project funds a community center to serve western Rockville in the neighborhoods west of I-270. There are well over 5,000 households west of I-270 in Rockville, and yet there are no community centers to serve these residents. When built, the center will be within easy walking distance of 1,500 residences, including 177 moderately priced dwelling units. While the Center will serve all residents, it will place a special focus on serving seniors and school-aged children. The center will also provide more capacity for popular after school activities, and will serve a part of the population that lives far from these types of programs where they are currently offered in other community centers. This project includes a gymnasium, two multipurpose rooms, computer learning center, fitness center, kitchen and snack bar, locker rooms, offices, storage, and a parking lot. A site has been selected as part of the approved Comprehensive Planned Development for Fallsgrove. The City seeks bond bill funding for the project due to the significant impact from the loss of Program Open Space funds to the City's parks and recreation

Round all amounts to the nearest \$1,000. The totals in Items 11 (Estimated Capital Costs) and 12 (Proposed Funding Sources) must match. The proposed funding sources must not include the value of real property unless an equivalent value is shown under Estimated Capital Costs.

11. Estimated Capital Costs

Acquisition	
Design	\$336,000
Construction	\$3,000,000
