**Department of State Police - Protective Body Armor Fund - Transfer to the  
Governor's Office of Crime Control and Prevention**

---

This departmental bill transfers administration of the Protective Body Armor Fund from the Department of State Police to the Governor's Office of Crime Control and Prevention (GOCCP).

---

**Fiscal Summary**

**State Effect:** None. This bill codifies current practice reflecting the provisions of a memorandum of understanding in FY 2005 between the Department of State Police and GOCCP that effectuated the actual transfer.

**Local Effect:** None.

**Small Business Effect:** The Department of State Police has determined that this bill has minimal or no impact on small business (attached). Legislative Services concurs with this assessment.

**Analysis**

**Current Law:** The Protective Body Armor Fund is a special fund administered by the Secretary of State Police to assist local law enforcement agencies to (1) acquire protective body armor for each police officer of the local law enforcement agency; and (2) replace protective body armor at least every 10 years, or sooner if testing indicates a need for replacement.

The fund consists of money appropriated in the State budget to the fund. As authorized by the Secretary, the Treasurer must make payments out of the fund to local law enforcement agencies. A local law enforcement agency may use State money provided from the fund only to purchase or replace protective body armor. A single grant may not initially exceed 10% of the total money budgeted in the fund for any fiscal year.

In accordance with the State budget, grants to local law enforcement agencies are made based on the comparative needs of each local law enforcement agency as determined by the following criteria:

- the number of violent crime incidents committed within the jurisdiction of the local law enforcement agency for the last two years;
- the current number of sworn officers;
- the current number of sworn officers not assigned protective body armor;
- the number and age of protective body armor units currently in use by the local law enforcement agency;
- the number of protective body armor units requested for officers not currently assigned protective body armor and for officers assigned protective body armor in need of replacement due to age or wear;
- the regulations of the local law enforcement agency that relate to the use of protective body armor;
- the local law enforcement agency's budget request for supplies and equipment for the current and last two fiscal years; and
- any other information that the Secretary considers necessary to make grants for protective body armor.

After the initial allocation of money, the Secretary may distribute any money remaining in the fund on an equitable basis, as determined by the same criteria. The Secretary has established procedures for local law enforcement agencies to apply for money from the fund.

**Background:** Chapter 462 of 2005 authorized the Secretary of State Police to distribute money in the Protective Body Armor Fund to the Division of Parole and Probation (in the Department of Public Safety and Correctional Services) for the acquisition of protective body armor for its agents. Such an allocation is permissible only after required and permitted allocations are made under current law to eligible local law enforcement agencies.

During fiscal 2005, control of the fund was shifted from the budget and control of the State Police to GOCCP via a memorandum of understanding.

**State Fiscal Effect:** Exhibit 1 shows the allocations and spending from this fund since inception in 1996.

The Governor's fiscal 2007 budget allowance includes \$50,000 for this fund. It is also noted that GOCCP also administers the federal Bullet Proof Vest Program, which largely mirrors the State's program. The Governor's proposed fiscal 2007 budget includes \$8,621 federal funds for this program (the same amount as budgeted for fiscal 2006).
