House Bill 445  
Economic Matters

(Delegate G. Clagett)

Finance

---

**Public Service Companies - Transfer of Franchise**

---

This bill prohibits a public service company from assigning, leasing, or transferring a franchise or a right under a franchise to a corporation, whether domestic or foreign, that is or may become a public service company or to any affiliate of the corporation unless (1) the corporation is incorporated in the State; or (2) the affiliate that is or may become a public service company is incorporated in the State. The bill defines “affiliate” as a person that directly or indirectly, or through one or more intermediaries, controls, is controlled by, or is under common control with or has, directly or indirectly, any economic interest in another person.

The bill applies prospectively only.

---

**Fiscal Summary**

**State Effect:** The bill would not materially affect State government operations.

**Local Effect:** None.

**Small Business Effect:** None.

---

**Analysis**

**Current Law:** The prior authorization of the Public Service Commission (PSC) is required for any public service company to (1) assign, lease, or transfer a franchise or a right under a franchise; (2) enter into any agreement or contract that materially affects a

franchise or a right under a franchise; or (3) abandon or discontinue the exercise of a franchise or a right as a whole or in part.

**Background:** A franchise, or right to operate, is granted by legislative act (*Charles Co. Sanitary District, Inc. v. Charles Utilities Inc.*, 298 A2nd 419, 423 (1973)). The franchise is granted by local governments. Statute provides that a public service company may not exercise a franchise granted by law except to the extent authorized by PSC. For illustrative purposes, Baltimore City grants a franchise for Baltimore Gas and Electric Company (BG&E) and PSC authorizes BG&E to use it. PSC would have to approve the transfer by BG&E to another entity and authorize the use of the franchise by that new entity.

PSC indicates that transfers of water company franchises have occurred in Maryland. After the transfer request is filed, PSC staff reviews what company holds the franchise, what company is receiving it, and what pertinent information, including financial information, ability to perform, notice to be given to customers, etc., is provided. PSC may also verify, if corporate entities are involved, that the corporations involved do not have outstanding tax issues with the State Department of Assessments and Taxation.

---

### Additional Information

**Prior Introductions:** HB 359 of 2005, an identical bill, received an unfavorable report from the Economic Matters Committee.

**Cross File:** None.
