State of Maryland 2006 Bond Bill Fact Sheet

1. Senate		House		2 Name of Project				
LR#	Bill #	LR#	Bill #	2. Name of Project				
3604	SB1029	3489	HB1656	Creation of a State Debt – Washington County -				
				North Hagerstown High School Stadium				
3. Senate Bill Sponsors				House Bill Sponsors				
Sen. Munson				Del. Donoghue				
4. Jurisdiction (County or Baltimore City)				5. Requested Amount				
Washington County				\$250,000				
6. Purpose of Bill								
Authorizing the creation of a State Debt to serve as a grant to the Board of Directors of the North								
Hagerstown High School Athletic Boosters, Inc. for the construction of a stadium.								

7. Matching Fund Requirements

The bill requires a standard match.

8. Special Provisions

None.

9. Description and Purpose of Grantee Organization (3000 characters maximum)

Charitable organization that promotes athletic and band endeavors at the high school

10. Description and Purpose of Project (3000 characters maximum)

North Hagerstown High School ("North") may be the only high school in Maryland without a stadium on its campus. For almost 50 years the school has had to share a facility with South Hagerstown High School ("South") located on the South High campus. The North High Booster Club has raised \$2.3 million from private sources which is believed to be a historic level of private funding for a public high school in Maryland. The private funds that have been raised for this project are over five times greater than the amount of funds being requested from the state. This demonstrates significant local support for the project and a resonable request for state financial support. Appropriate athletic facilities at all schools in Maryland are traditionally funded by the state and the counties. Because this did not happen at North High for 50 years, the community accepted the responsibility for raising funds for this project. We need the state to demonstrate support for this effort by helping us complete it.

The athletic opportunities offered at both North and South High Schools -- and every other high school in Maryland -- have changed drastically since the passage of Title IX mandating equal resources for girls' athletics. Since that time both North and South High Schools have added junior varsity and varsity boys' soccer, junior varsity and varsity girls' soccer, junior varsity and freshman football and boys and girls' lacrosse. Our facilities have not kept up with the growth in athletic programs and today they are inadequate and have been for a long time. It is impossible to schedule two schools' increasingly varied athletic programs at one facility.

High schools in the state offer these programs because students who participate in athletic and band activities get better grades, drop out of school at lower rates, and cause fewer discipline problems. The Maryland State Department of Education considers athletic and band programs to be co-curricular rather than extra-curricular. Team sports develop leadership skills and lessons about working with others to achieve goals that contribute to success in the workplace and in life.

We believe we have developed a model for other schools in the state to use to raise funds from the private sector and are willing to share our experience. We believe it is important for the state and counties to participate and provide incentives for these private/public partnerships.

Round all amounts to the nearest \$1,000. The totals in Items 11 (Estimated Capital Costs) and 12 (Proposed Funding Sources) must match. The proposed funding sources must not include the value of real property unless an equivalent value is shown under Estimated Capital Costs.

of real property unless an equivalent value is shown under I	Estimated Capital Costs.
