11. Description and Purpose of Project (3000 characters maximum)			
To fully implement our training programs, it is necessary to renovate and upgrade space at 1400 Doewood Lane and 6180 Old Central Ave., Capitol Heights, MD. This would better allow us to facilitate the above programs in Section 10, the enhancement of our computer center would allow us to have greater access to online best practice approaches in a variety of service delivery industries while providing current technical training. This would prove to be beneficial to both the clients and the surrounding jurisdictions by preparing individuals with the skill-sets needed to compete in a workforce that requires transferable assets. Our computer center and conference area when upgraded will serve between 125-150 individuals annually.

<p>My legal name should be changed in #9 to "Douglas". *** Funds were not used as the Mission of Love was transitioning between Executive Directors and did not meet the deadline to draw the funds. The Mission of Love staff and board of directors appreciate the assistance we have enjoyed through the years. We trust that we have been and we are committed to being good stewards over all funds received. We are also in dire need to replace the van donated to us by the Washington Redskins. This van is used to pick-up students from Shepherd's Cove Homeless Shelter for women and children. We would likewise be most appreciative if we could purchase this van should funds become available.</p>
