**11. Description and Purpose of Project** (3000 characters maximum)

**Background**

In FY02, the Montgomery County Council (the Council) authorized \$100,000 ( and added \$50,000 in FY07) in public funds to create a Public Safety Memorial (the Memorial) on the campus of the Public Safety Training Academy in Rockville to honor public safety personnel who have lost their lives in the line of duty. At that time, the Council appointed the Public Arts Trust, (Trust) managed by the Arts and Humanities Council of Montgomery County (AHC MC), to oversee the design, construction, and implementation of the Memorial. The five public safety agencies represented in the Memorial are: Montgomery County Department of Police, Montgomery County Fire & Rescue Service, Montgomery County Department of Correction & Rehabilitation, Maryland-National Capital Park Police – Montgomery County Division, and the Sheriff’s Office.

**Memorial Design**

In 2000, the Public Arts Trust conducted a selection process to hire an artist to design the Memorial to honor our community’s fallen heroes. The selection committee interviewed three semi-finalists and unanimously selected Boston-based artist Ted Clausen. For design inspiration, Mr. Clausen interviewed teams from the County’s public safety agencies as well as community residents. The interviews and subsequent private sector campaign committee discussions have yielded four design goals:

- To create respectful and inspiring space to memorialize public safety officers who have lost their lives in the line of duty.
- To provide a commonplace where the community and the families and the professional colleagues of fallen officers can honor the ultimate sacrifice made.
- To create a design that is intimate and meditative, is reflective of the interactive vitality of the public safety agencies, and is visually striking from a distance.
- To provide a focal point for the community to reaffirm its gratitude to those who have chosen service careers in which danger and extreme personal risk are frequent occurrences.

**Fundraising Initiatives**

In 2004, a fundraising committee was established to raise funds from the private sector for the Memorial. It was determined that AHC MC would serve as the fiscal agent to receive and manage the private sector funds.

Since the committee was formed two years ago, \$174,000 has been raised in private funds and the County has committed \$150,000. The cost of the Memorial has risen, partly by adding the water element and other smaller enhancements and partly because the Memorial footprint was doubled in size. With additional financial support of the State, this meaningful community project as fully designed can be fulfilled. It should be noted that all branches of Police, Fire and Rescue have also raised funds to purchase the Memorial flagpoles representing their respective departments.

The Memorial design has been completed and construction will begin in Spring of 2007 if fundraising has been completed.
