

**Department of Legislative Services**  
Maryland General Assembly  
2008 Session

**FISCAL AND POLICY NOTE**

Senate Bill 335 (Senator Kramer)  
Budget and Taxation

---

**Creation of a State Debt - Montgomery County - Camp Bennett Renovations**

---

The bills listed below authorize the issuance of general obligation bonds to provide grants to various recipients for the acquisition, planning, design, construction, expansion, repair, restoration, renovation, reconstruction, or capital equipping of various facilities.

Most bills require either a hard or soft match as noted. Where no match is required the term “grant” is indicated. A hard match means the recipient provides a dollar-for-dollar match of the State funds and does not expend the matching funds until after the effective date of the authorizing act. A soft match is any other type of match. Soft matches include the value of the real property, in-kind contributions such as materials or construction services, or funds expended prior to the effective date of the bill. A match key is provided immediately below the list of projects.

The list is organized into two categories: statewide bond bills and local bond bills. Within the local bond bill category the projects are sorted first by the county in which the project is located and then alphabetically by project title. Most projects have both a House and a Senate bill.

As introduced by the Governor, the Maryland Consolidated Capital Bond Loan (MCCBL) of 2008, referred to as the capital budget, allows \$15.0 million for legislative initiatives. However, because the General Assembly can both reduce and add to the capital budget, the budget committees may consider bond bill requests during the 2008 session in excess of the amount earmarked in the MCCBL as introduced by the Governor.

---

## Fiscal Summary

**State Effect:** These grants would be part of the total general obligation debt authorization for FY 2009. The Spending Affordability Committee (SAC) recommended a general obligation debt authorization of \$935.0 million for FY 2009, of which \$3.0 million is authorized under separate legislation (Chapter 103 of 2001 as amended by Chapter 46 of 2006) for the Tobacco Transition Program. The Governor’s budget as introduced assumes general obligation debt authorizations totaling \$935.9 million, including \$3.0 million for the Tobacco Transition Program and \$40.8 million preauthorized for FY 2009 in the 2007 session capital budget bill. The additional \$0.9 million over the SAC recommendation will come from the deauthorization of prior year authorizations. State debt service costs on \$935.0 million would be a maximum of \$42.6 million annually based on an interest rate of 5%. The State last sold bonds on February 27, 2008. The \$400.0 million of tax-exempt bonds sold bear a single-coupon rate of approximately 5% and 15-year maturity.

**Local Effect:** None, unless the recipient is a local government.

**Small Business Effect:** Minimal.

---
