Section 9–602
Annotated Code of Maryland
(2005 Replacement Volume and 2008 Supplement)

Preamble

WHEREAS, The enactment of Chapter 181 of the Acts of the General Assembly of 2008, the Tourism Promotion Act of 2008, made clear the State's intention of securing a market share of the burgeoning multibillion dollar travel and tourism industry by increasing its investment in attracting visitors to Maryland; and

WHEREAS, Maryland's \$11 billion travel and tourism industry represents the State's fourth largest industry, employing over 100,000 people; but neighboring states have been outspending Maryland in a successful effort to capture a regional market share of visitor spending, especially by baby boomers who, with their disposable income, are moving into the 45– to 54–year age group; and

WHEREAS, Studies indicate that every dollar spent on destination marketing yields a \$28.24 return on investment, testimony not only to the fiercely competitive nature of the hospitality industry but also to the rationale behind the enactment of the Tourism Promotion Act of 2008; and

WHEREAS, There is a direct correlation between the intent of the Tourism Promotion Act of 2008 and the intent of this Act, both seeking to increase public revenues through a greater investment in the marketing of unique natural, cultural, and historical amenities for discovery by visitors; and

WHEREAS, The General Assembly understands the importance of ensuring the delivery of timely and quality public services to the citizens of the State, but it also realizes there is an obligation to finance these services not only through special fees and general taxes but also through innovative ways such as those provided for in this Act; and

WHEREAS, This Act capitalizes on revenues generated by visitor spending, not residential–taxpayer dollars, by annually dedicating a percentage of hotel tax revenue to the Annapolis and Anne Arundel County Conference and Visitors Bureau ~~and the Anne Arundel Economic Development Corporation~~, in order to underwrite a 21st-century visitor marketing strategy and other economic development opportunities with the single-minded purpose of generating additional revenues for the public treasuries of the City of Annapolis and Anne Arundel County; now, therefore,
