2 Maryland Uniform Prudent Management of Institutional Funds Act”
3 Annotated Code of Maryland
4 (2001 Replacement Volume and 2008 Supplement)

5 SECTION 1. BE IT ENACTED BY THE GENERAL ASSEMBLY OF
6 MARYLAND, That the Laws of Maryland read as follows:

7 **Article – Estates and Trusts**

8 Subtitle 4. Maryland Uniform **PRUDENT** Management of Institutional Funds Act.

9 [15–401.

10 (a) In this subtitle the following words or phrases have the meanings
11 indicated.

12 (b) “Endowment fund” means an institutional fund, or any part of it not
13 wholly expendable by the institution on a current basis under the terms of the
14 applicable gift instrument.

15 (c) “Gift instrument” means a will, deed, grant, conveyance, agreement,
16 memorandum, writing, or other governing document, including the terms of any
17 institutional solicitations from which an institutional fund results, under which
18 property is transferred to or held by an institution as an institutional fund.

19 (d) “Governing board” means the body responsible for the management of an
20 institution or of an institutional fund.

21 (e) “Historic dollar value” means the aggregate fair value in dollars of (1) an
22 endowment fund at the time it became an endowment fund, (2) each subsequent
23 donation to the fund at the time it is made, and (3) each accumulation made pursuant
24 to a direction in the applicable gift instrument at the time the accumulation is added
25 to the fund. The determination of historic dollar value made in good faith by the
26 institution is conclusive.

27 (f) “Institutional” means an incorporated or unincorporated organization
28 organized and operated exclusively for educational, religious, charitable, or other
29 eleemosynary purposes, or a governmental organization to the extent that it holds
30 funds exclusively for any of these purposes.

31 (g) “Institutional fund” means a fund held by an institution for its exclusive
32 use, benefit, or purposes but does not include (1) a fund held for an institution by a
33 trustee that is not an institution or (2) a fund in which a beneficiary that is not an
34 institution has an interest, other than possible rights that could arise upon violation
35 or failure of the purposes of the fund.]

1 [15-402.

2 The governing board may appropriate for expenditure for the uses and purposes
3 for which an endowment fund is established so much of the net appreciation, realized
4 and unrealized, in the fair value of the assets of an endowment fund over the historic
5 dollar value of the fund as is prudent under the standard established by § 15-406.
6 This section does not limit the authority of the governing board to expend funds as
7 permitted under other law, the terms of the applicable gift instrument, or the charter
8 of the institution.]

9 [15-403.

10 Section 15-402 does not apply if the applicable gift instrument indicates the
11 intention of the donor that net appreciation shall not be expended. A restriction upon
12 the expenditure of net appreciation may not be implied from a designation of a gift as
13 an endowment, or from a direction or authorization in the applicable gift instrument
14 to use only “income”, “interest”, “dividends”, or “rents, issues or profits”, or “to preserve
15 the principal intact”, or a direction which contains other words of similar import. This
16 rule of construction applies to gift instruments executed or in effect before or after the
17 effective date of this act.]

18 [15-404.

19 In an addition to an investment otherwise authorized by law or by the
20 applicable gift instrument, and without restriction to investments a fiduciary may
21 make, the governing board, subject to any specific limitations set forth in the
22 applicable gift instrument or in the applicable law other than law relating to
23 investments by a fiduciary, may:

24 (1) Invest and reinvest an institutional fund in any real or personal
25 property deemed advisable by the governing board, whether or not it produces a
26 current return, including mortgages, stocks, bonds, debentures, and other securities of
27 profit or nonprofit corporations, shares in or obligations of associations, partnerships,
28 or individuals, and obligations of any government or subdivision or instrumentality
29 thereof;

30 (2) Retain property contributed by a donor to an institutional fund for
31 as long as the governing board deems advisable;

32 (3) Include all or any part of an institutional fund in any pooled or
33 common fund maintained by the institution; and

34 (4) Invest all or any part of an institutional fund in any other pooled
35 or common fund available for investment, including shares or interests in regulated
36 investment companies, mutual funds, common trust funds, investment partnerships,
37 real estate investment trust, or similar organizations in which funds are commingled
38 and investment determinations are made by persons other than the governing board.]

1 [15-405.

2 Except as otherwise provided by the applicable gift instrument or by applicable
3 law relating to governmental institutions or funds, the governing board may (1)
4 delegate to its committees, officers, or employees of the institution or the fund, or
5 agents, including investment counsel, the authority to act in place of the board in
6 investment and reinvestment of institutional funds, (2) contract with independent
7 investment advisors, investment counsel or managers, banks, or trust companies, so to
8 act, and (3) authorize the payment of compensation for investment advisory or
9 management services.]

10 [15-406.

11 In the administration of the powers to appropriate appreciation, to make and
12 retain investments, and to delegate investment management of institutional funds,
13 members of a governing board shall exercise ordinary business care and prudence
14 under the facts and circumstances prevailing at the time of the action or decision. In
15 so doing they shall consider long and short term needs of the institution in carrying
16 out its educational, religious, charitable, or other eleemosynary purposes, its present
17 and anticipated financial requirements, expected total return on its investments, price
18 level trends, and general economic conditions.]

19 [15-407.

20 (a) With the written consent of the donor, the governing board may release,
21 in whole or in part, a restriction imposed by the applicable gift instrument on the use
22 or investment of an institutional fund.

23 (b) If written consent of the donor cannot be obtained by reason of his death,
24 disability, unavailability, or impossibility of identification, the governing board may
25 apply in the name of the institution to the circuit court for the county where the office
26 of the governing board is located, for release of a restriction imposed by the applicable
27 gift instrument on the use or investment of an institutional fund. The Attorney
28 General shall be notified of the application and given an opportunity to be heard. If
29 the court finds that the restriction is obsolete, inappropriate, or impracticable, it may
30 by order release the restriction in whole or in part. A release under this subsection
31 may not change an endowment fund to a fund that is not an endowment fund.

32 (c) A release under this section may not allow a fund to be used for purposes
33 other than the educational, religious, charitable, or other eleemosynary purposes of
34 the institution affected.

35 (d) This section does not limit the application of the doctrine of cy pres.]

36 [15-408.

1 This subtitle shall be so applied and construed as to effectuate its general
2 purpose to make uniform the law with respect to the subject of this subtitle among
3 those states which enact it.]
