With the support of the 2010 Bond Bill, we will be able to build a Fine Arts Center that will add additional music, art, and theater classrooms for the ever growing Fine Arts program in the school. It will also upgrade our Auditorium, which will allow for greater community use of the space, especially during the summer months.

28. Comments: (Limit Length to Visible area)

We have watched our programs in the arts expand over the years such that we no longer have the space for the students. This building addition will provide that space. With the improvements to the Auditorium, we will have the greater possibility to allow community organizations to use the space during the summer. Currently, it is impossible to use the space during the summer because it is not air conditioned. We are very grateful for your support of arts education.
