10. Description and Purpose of Grantee Organization (Limit Length to Visible area)

Dayspring Programs, Inc. was incorporated as a 501(c)(3) in 1997 to provide a continuum of housing and support services to strengthen sustained recovery and self-sufficiency of homeless families who must surmount the barrier of substance abuse. Through housing and Head Start programs, Dayspring assists parents to support, nurture and create a stable and supportive environment for their children. Dayspring is unique among programs by linking substance abuse treatment, housing and support services and maintaining a focus on the welfare and healthy development of the children. Dayspring has demonstrated the ability to help families meet goals and become self- sufficient. In 2009, 85% of individuals were either working, in school or enrolled in job training programs and 89% remained drug free. Every year about 5% of families leave the housing program as they purchase homes or are able to afford rental housing. Dayspring serves approximately 90 families a year in housing programs and 255 children in two Head Start programs.
