Senate Bill 46

(Senator Colburn, *et al.*)

Judicial Proceedings

Environmental Matters

**Vehicle Laws - Registration and Driver's License Renewal Fees - No Charge for
Recipients of Medal of Honor**

This bill exempts Medal of Honor recipients from being charged a fee by the Motor Vehicle Administration (MVA) for the renewal of a vehicle's registration or a Class A, B, C, D, E, or M driver's license.

Fiscal Summary

State Effect: Transportation Trust Fund (TTF) and other special fund revenues decrease minimally due to the bill's exemption of Medal of Honor recipients from vehicle registration and driver's license renewal fees. Expenditures are not affected.

Local Effect: Local government revenues decrease negligibly due to fewer license and registration fees being distributed as highway user revenues.

Small Business Effect: None.

Analysis

Current Law: The holder of a noncommercial Class A, B, C, D, E, or M driver's license must pay MVA a renewal fee of \$30 for renewal of the license. Registration renewal fees vary based on the size and class of the vehicle. However, most cars and light trucks are Class A vehicles subject to a \$128 biennial registration renewal fee, or \$180 if the vehicle is over 3,700 pounds, as is typical of large light trucks. As part of the registration fee, owners pay an annual \$13.50 surcharge to fund emergency medical system operations and trauma physician services.

Vehicles exempt from vehicle registration fees by MVA include:

- a vehicle owned and operated by a unit of a national veterans' organization;
- a vehicle owned and personally used by a veteran who has lost the use of a hand, arm, or leg, or is totally disabled, or has a permanent impairment of both eyes of a type specified in law; and
- a vehicle owned and personally used by an individual who is at least 65 years old and is the surviving spouse of a deceased disabled veteran.

Each registered vehicle that is exempt from registration fees must display a special identification marker approved by MVA. The special identification marker for an exempt vehicle must indicate that the Veterans' Administration has approved the veteran as qualified for the exemption in conformance with statutorily specified conditions. A disabled veteran whose vehicle is eligible for exemption may also receive a special registration number and plates without payment of the registration fees.

Background: The Medal of Honor is granted to a member of the U.S. Military who has distinguished himself or herself conspicuously by gallantry and intrepidity at the risk of his or her life above and beyond the call of duty while engaged in an action against an enemy of the United States, while engaged in military operations involving conflict with an opposing foreign force, or while serving with friendly foreign forces engaged in an armed conflict against an opposing armed force in which the United States is not a belligerent party. The Medal of Honor has been awarded to 3,446 recipients, of which 83 are accredited to Maryland.

State Revenues: Currently, four Medal of Honor recipients reside in Maryland. It is unknown in which year each recipient is due to renew their driver's license or vehicle's registration, or what size and class of vehicle they drive, if any. However, assuming the number of Medal of Honor recipients residing in Maryland remains unchanged, the decline in renewal fee revenue is not likely to exceed \$1,000 in any biennial renewal period.
