**Analysis**

**Current Law:** Title 5 of the Public Safety Article regulates firearms and handguns in the State. A regulated firearm is any handgun or any of the 45 assault weapons (or copies) identified in that article.

Among other requirements that apply to an applicant to purchase, rent, or receive a regulated firearm (after January 1, 2002), the individual must have completed a certified firearms safety training course that the Police Training Commission conducts without charge or that meets the standards of the Police Training Commission. An individual is not required to complete a certified firearms training course if such a training course has already been completed or if the individual:

- is a law enforcement officer of the State or any local law enforcement agency in the State;
- is a member, retired member, or honorably discharged member of the armed forces of the United States or the National Guard;
- is a member of an organization that is required by federal law governing its specific business or activity to maintain handguns and applicable ammunition; or
- holds a permit to carry a handgun.
