28. Comments: (Limit Length to Visible area)

The City of Laurel is in desperate need of athletic field space to serve the 23,000 plus population and the anticipated growth in the future. Currently, the city has three sites for athletic field space totaling approximately 25 acres. The many requests we receive for field space from youth and adult programs is more then we can accommodate at this time. The possibility of purchasing additional land for this purpose is a priority.
