10. Description and Purpose of Grantee Organization (Limit Length to Visible area) Seneca Park North is a residential community on the border of Gaithersburg and Germantown.								

Seneca Park North is a residential community on the border of Gaithersburg and Germantown. The community consists of 229 Single Family homes and 53 Townhomes. The community is governed by a Homeowners Association, run by an elected 7 member Board of Directors. The Association seeks to maintain and improve the appearance and safety of the common areas. The Association also helps to protect the value of the homes and the rights of the owners to enjoy their community.

11. Description and Purpose of Project (Limit Length to Visible area)

The neighborhood of Seneca Park North currently has a small gazebo that is in disrepair. The location and style of this structure leads to vandalism and other undesirable activity. In response to input from residents, the community's Board has proposed to remove the gazebo, re-grade the area to increase visibility and construct an open pavilion. There is a desire for a second pavilion at the location of the community's soccer field and playground so spectators of both areas will have a covered location to observe from. Both structures will be lit and posted, as advised by Montgomery County Police, in order to discourage use after dark.

The pavilions will be used for community wide events and can be used by individual community residents.

Round all amounts to the nearest \$1,000. The totals in Items 12 (Estimated Capital Costs) and 13 (Proposed Funding Sources) must match. The proposed funding sources must not include the value of real property unless an equivalent value is shown under Estimated Capital Costs.

12. Estimated Capital Costs	
Acquisition	
Design	
Construction	\$37,000
Equipment	
Total	\$37,000
