10. Description and Purpose of Grantee Organization (Limit Length to Visible area)				
<p>The Frederick Arts Council is the umbrella arts organization for Frederick County. The mission of the organization is to be the primary catalyst for the arts and arts opportunities in the community. The organization operates the Cultural Arts Center, a 14,000 square foot arts incubator and community arts space that houses a black box theater, rehearsal hall, and gallery. The arts council also distributes grants to other nonprofit organizations and local schools for arts programming. In addition, the organization manages the Frederick Festival of the Arts, a nationally-juried fine arts and crafts festival along Carroll Creek Linear Park the first weekend in June. The arts council co-manages downtown Frederick's Arts and Entertainment District, which received the Outstanding A&E District Award from MD Department of Business and Economic Development in March 2010. There are many other initiatives the Frederick Arts Council sponsors to help promote, support, and advocate the arts in Frederick County, which had a \$10 Million economic impact in 2008.</p>				

11. Description and Purpose of Project (Limit Length to Visible area)

The Cultural Arts Center is one of the busiest arts facilities in Frederick County. The 14,000 square foot arts incubator and community arts space houses a 106 seat black box theater, event hall, and gallery space. The CAC is utilized by over thirty local groups throughout the year for theater productions, dance concerts, music and other special events, and visual arts exhibits. The facility is in the heart of downtown Frederick, frontage on both of the city's main streets.

The building is a former McCrory Five and Dime Store that was vacated in 2006, however the building dates back to the 1920's. It is in need of much-needed repairs to make the building meet current standards and be more functional and aesthetically-pleasing to users as well as patrons.

The project entails a facelift to the facades, new flooring and walls throughout the facility, lighting upgrades, additional bathrooms installed, functional upgrades to the theater space, and other general improvements. The plan also includes the purchase of additional property currently not owned by the Frederick Arts Council.

Round all amounts to the nearest \$1,000. The totals in Items 12 (Estimated Capital Costs) and 13 (Proposed Funding Sources) must match. The proposed funding sources must not include the value of real property unless an equivalent value is shown under Estimated Capital Costs.

28. Comments: (Limit Length to Visible area)

In September 2008, the Frederick Arts Council Board of Directors affirmed the important role the Cultural Arts Center plays in the arts community, the area's quality of life, and local economy. At that time, the organization committed to making the improvements necessary to meet the needs of its constituents. The organization engaged board and community members to form a building committee and a local architect offered some initial services on a pro-bono basis. Along the way, the organization worked to make minor upgrades to the facility that improved the visual appeal as well as brought the facility up to code.

In 2010, the organization began serious efforts to improve the facility. We applied for and received three grants that will go towards this renovation project. And, other proposals are pending with good chances for funding. The bond bill will be critical to ensure success and completion of the project. We thank the State of Maryland, including appropriate staff and members of the legislature, in advance for your support of this endeavor.
