St. Martin's Home offers a continuum of care in a home-like, non-institutional setting. By striving to provide the best level of medical care possible, Residents at St. Martin's Home live a long healthy life; hospital admissions are minimal. When the Residents do have occasion to visit the hospital their length of stay is often less than their peers because of the care and services available at the Home.

Impact on the community: St. Martin's provides salaried jobs and opportunities for community service. Currently, 121 lay women and men are employed. Over the course of the last 12 months, we have been the beneficiaries of the service involvement of an estimated 215 volunteers and, during that same period, an estimated 30 high-school and college age students have fulfilled service requirements at St. Martin's.

Members of the greater community participate in religious services and events held at St. Martin's throughout the year.

St. Martin's serves as a clinical training site for those enrolled in Nursing certification programs and Geriatric Nursing Assistant courses of study.
