10. Description and Purpose of Grantee Organization (Limit Length to Visible area)					
<p>Joe's Movement Emporium is the performing arts center of World Arts Focus, a 501(c)(3) non-profit organization. The mission is to encourage participation and practice in performing arts traditions from around the world while using the arts to revitalize the community.</p> <p>Programs include Arts Education, Production and Artist Services, and offer a wide variety of services to the community at an affordable price. In the current year, Joe's anticipates attendance of over 35,000 individuals. A new program called Theater Tech Program (TTP) trains low-income youth in the theater tech craft, also providing mentoring, tutoring and job placement. This program continues to grow and addresses a major challenge for youth in our community, namely attaining employment and developing job skills that can lead to a career. Unemployment among teens is currently over 70% in Prince George's County. Teens in the program graduate from high school at a rate of 90% compared to a countywide rate of under 70%. This is just one of many programs that Joe's offers that meet a community need, and one which is otherwise rarely addressed.</p>					

**11. Description and Purpose of Project** (Limit Length to Visible area)

The project scope will include renovation, repair and capital equipping of Joe's 20,000 square foot facility located in downtown Mount Rainier, Maryland.

-Renovation will address deficiencies in the space that currently impede program delivery, such as soundproofing between studios, improving lighting in stairways and hallways, and creating external and internal signage to better communicate with the public.

-Repairs are needed to the foundation and exterior of the building.

-Capital equipment is needed to enhance the functionality of the theater space, which will both help Joe's better support the production needs of artists and improve the educational experience offered by the Theater Tech Program.

This capital project is likely to involve 3 people in the design and planning process over 6 months, and 10 people for 12 months in the implementation process. Those served by the project will reflect Joe's highly diverse audience members, representative of the larger community.

*Round all amounts to the nearest \$1,000. The totals in Items 12 (Estimated Capital Costs) and 13 (Proposed Funding Sources) must match. The proposed funding sources must not include the value of real property unless an equivalent value is shown under Estimated Capital Costs.*
