(c) In its analysis, the Administration shall:

(3) consider whether and how the law, as enacted under Chapter 299 of the Acts of the General Assembly of 2006 and Chapter 266 of the Acts of the General Assembly of 2008, should be expanded to allow individual sureties to issue surety bonds or contracts of surety insurance to subcontractors;

(4) determine whether individual sureties are authorized to issue surety bonds or contracts of surety insurance in other states and, if so, how individual sureties are regulated in those states;

(5) determine whether corporate sureties or individual sureties have been sanctioned for issuing surety bonds or contracts of surety insurance in the State and other states and the reasons for the sanctions;

(6) conduct a review of:

(iii) the existing statutory requirements of items covered by the Corporation in the event of the insolvency of a corporate surety; and

(iv) whether loss of paid premiums or collateral of surety bond principal and any other covered items should be expanded;

(8) consider whether the laws and regulations for licensing and regulating corporate sureties are adequate, including whether the current risk-based capital standards are adequate to prevent the insolvency of corporate sureties;

(9) consider whether the laws and regulations regulating corporate sureties or individual sureties are adequate to prevent the issuance of fraudulent surety bonds or contracts of surety insurance by corporate sureties or individual sureties;

(10) conduct a survey of the Board of Public Works, the Department of Transportation, the Department of General Services, and a representative sample of corporate sureties and individual sureties, if appropriate, for each year beginning with 2004, that includes:

surety bonds or contracts of surety insurance that surety insurers rejected that would have been issued to nonminority business enterprises on construction projects;

(11) conduct a survey of a representative sample of contractors that have held a surety bond or contract of surety insurance issued by an insolvent surety insurer to determine the method each contractor used to acquire a new surety bond or contract of surety insurance and any additional costs or difficulties the contractor experienced in acquiring a new surety bond or contract of surety insurance;

(12) consider whether there are any programs, including the Maryland State Bond Development and Financing Authority and the United States Small Business Administration Bond Guaranty and Lending Program, that enhance the availability of surety bonds or contracts of surety insurance for new, emerging, and small businesses, including businesses that qualify as minority business enterprises; and
