18 SECTION 1. BE IT ENACTED BY THE GENERAL ASSEMBLY OF
 19 MARYLAND, That the Laws of Maryland read as follows:

20 **Article 19 – St. Mary's County**

21 113-1.

22 A. For the purpose of carrying out the provisions of this chapter, the
 23 sanitary districts created are under the jurisdiction of the Commission of seven (7)
 24 voting members and one (1) nonvoting member. Each voting member of the
 25 Commission shall be appointed by the Board of County Commissioners of St. Mary's
 26 County as follows: one (1) member from each of the first, third, sixth, seventh and
 27 eighth districts, one (1) member from the second and ninth election districts and one
 28 (1) member from the fourth and fifth election districts. Each voting member shall
 29 reside in the election district he represents, be a resident taxpayer of the county and
 30 be a qualified voter. The voting members of the Commission shall be appointed [for a]
 31 **AND SHALL SERVE AT LEAST ONE (1)** three-year term and shall serve until their
 32 successors are appointed and have qualified. The nonvoting member of the commission
 33 shall be the commanding officer of the Patuxent River Naval Air Station or a
 34 designated representative of the commanding officer. The nonvoting member shall
 35 represent the interests of the United States Navy with respect to the water and sewer
 36 services provided by the Commission to the Patuxent River Naval Air Station and the
 37 Webster Field Annex. The nonvoting member shall serve until the succeeding
 38 commanding officer is appointed. If the commanding officer designates a
 39 representative, the representative shall serve at the pleasure of the commanding
 40 officer and may be replaced at any time. Those persons serving as members of the
 41 Commission immediately prior to June 1, 1976, shall continue to serve in their

1 respective positions until the expiration of their terms. As the term of each voting
2 member expires, his successor shall be appointed by the Board of County
3 Commissioners of St. Mary's County. Except for a nonvoting member, any vacancy in
4 the membership of the Commission shall be filled by appointment by the Board of
5 County Commissioners of St. Mary's County for the unexpired term.

6 113-3.

7 B. The creation of the sanitary districts is adopted, approved, ratified and
8 confirmed. The sanitary districts are designated and constituted for the purpose of this
9 chapter to be separate sanitary districts[,] AND are subject to all of the provisions of
10 this chapter [and are separate taxing districts for the purposes of this chapter].

11 113-4.

12 The sanitary district boundary lines of any sanitary district may be changed by
13 the adoption by the Commission of a resolution which shall refer to a plat of St. Mary's
14 County upon which the revised sanitary district lines are shown clearly and which sets
15 forth findings that the change in the boundary lines of any sanitary district is
16 necessary or desirable for the public health, safety and welfare of the residents within
17 the revised sanitary districts and the revised sanitary districts are feasible from an
18 engineering and financial standpoint. [However, outstanding bonds or other
19 obligations may not in any manner be adversely affected by any change of sanitary
20 district lines.] The resolution is not legally effective until it is approved by the County
21 Commissioners of St. Mary's County after public hearing held following not less than
22 ten (10) days' notice in one (1) or more newspapers having a general circulation in St.
23 Mary's County and until a copy of the resolution and plat is recorded among the land
24 records of St. Mary's County. Upon approval by the County Commissioners of St.
25 Mary's County and filing of the plat and resolution as provided in this subsection, the
26 revised sanitary districts are designated and constituted for the purpose of this
27 chapter to be separate sanitary districts, are subject to all the provisions of this
28 chapter [and are separate taxing districts]. The filing of the plat and resolution
29 constitutes legal notice to the public of the action of the Commission and the County
30 Commissioners.

31 113-5.

32 A. The Commission shall cause studies, plans and estimates to be made for
33 water supply and sewerage systems in those portions of St. Mary's County in which
34 the Commission determines that the facilities are necessary and may divide each
35 sanitary district into water and sewerage districts in such a way as shall, in its
36 judgment, best serve the needs of the various communities and shall promote
37 convenience and economy of installation and operation. Whenever, and as, the studies
38 and plans are completed, the Commission shall give notice by publication in one (1)
39 newspaper published within the county for three (3) weeks [and by handbills posted
40 and circulated in the localities where improvements are contemplated]. The

1 Commission shall state in the notice the probable cost of the contemplated
2 improvements and shall further state in it that plans of the improvements may be
3 inspected at the Commission's office and that any person interested in the
4 improvements will be heard by the Commission at a time to be specified in the notice,
5 but not less than ten (10) days after first publication of it. If ten (10) residents and
6 landowners in the sanitary district in which the improvements are contemplated,
7 within ten (10) days after the last of the publications of the notice, file a petition with
8 the Commission protesting against the proposed improvements, the Commission shall
9 grant them a hearing within fifteen (15) days after the petition is filed in the office of
10 the Commission and after not less than five (5) days' notice of the time and place of the
11 hearing by advertisement published in one (1) newspaper published within the county
12 and by personal notices addressed to any one (1) or more persons whose names are
13 signed to the petition. After due hearing, the Commission shall decide upon the
14 reasonableness of the objections stated in the petition and shall dispose of them by
15 written order concurred in by a majority of the Commissioners. The order shall be
16 published in the same manner as notices are required to be published, and a copy of
17 which shall be mailed to any one (1) or more of the petitioners. If the petitioners are
18 not satisfied with the Commission's decision, they have the right to take and enter,
19 within ten (10) days after the last publication of the order, an appeal to the County
20 Commissioners of St. Mary's County, who shall review the Commission's decision and
21 decide on the necessity and propriety of the improvements contemplated [and whether
22 the district can stand the cost of them]. The decision of the County Commissioners is
23 final.

24 [B. The foregoing provisions of this section are not applicable to the proposed
25 sewer system, including necessary modifications and changes, for the Mattapany
26 Sanitary District shown on the plats of the sanitary district recorded among the land
27 records of St. Mary's County in Liber M.R.F. 1, Folios 2 to 5, inclusive, in a plat book
28 indexed "St. Mary's County Metropolitan Commission," such proposed sewer system
29 having been approved by the Commission and by the County Commissioners of St.
30 Mary's County. The Commission, without further public hearing, may, in its
31 discretion, proceed with the financing and construction of the sewer system.]

32 [C.]B. For the purpose of providing for the studies, plans, organization and any
33 other expenses or costs of any water or sewerage facilities [in any sanitary district],
34 the County Commissioners may furnish the Commission from time to time any sum
35 that the County Commissioners deem proper, all of which shall be repaid out of the
36 next bond issue, if any[, for the particular sanitary district]. If the County
37 Commissioners do not expect bonds to be issued [for the particular sanitary district]
38 within two (2) years of the date on which the sum is furnished to the Commission, the
39 County Commissioners may waive repayment of the advances. The authority for
40 advances granted by this subsection is in addition to other advances authorized by this
41 chapter.

42 [D.]C. (1) For the purposes of carrying out the provisions of Subsection A of
43 this section, after bona fide efforts to notify the owner and occupant, an agent or

1 employee of the Commission may enter on any private land to make test borings and
2 soil tests and obtain information related to the tests for the purpose of determining
3 soil characteristics and suitability of the surface and subsurface of the land for the
4 installation of public water supply or sewerage systems.

5 (2) If an agent or employee is refused permission to enter or remain on
6 private land for the purposes authorized by subsection D(1), the Commission may
7 apply to the St. Mary's County Circuit Court for an order directing that its agent or
8 employee be permitted to enter and remain on the land to the extent necessary to
9 carry out the purposes authorized by this subsection. The court may require that the
10 Commission post a bond in an amount sufficient to reimburse any person for damages
11 reasonably estimated to be caused by test borings, soil tests and related activities.

12 (3) If any person enters on any private land under the authority of this
13 subsection or of any court order passed pursuant to it and damages or destroys any
14 land or personal property on it, the owner of the property has a cause of action for
15 damages against the Commission.

16 (4) Any person who knows of an order issued under this subsection and who
17 obstructs any agent or employee acting under the authority of the order may be
18 punished for contempt of court.

19 113-6.

20 A. For the purpose of providing funds for the design, construction,
21 establishment, purchase or condemnation of water supply and sewerage systems in
22 any of the sanitary districts, the Commission, upon the approval of the County
23 Commissioners of St. Mary's County, is authorized and empowered to issue bonds,
24 from time to time, upon the full faith and credit of St. Mary's County, in such amounts
25 as it may deem to be necessary to carry on its work, but at no time shall the total issue
26 of bonds [in any sanitary district] for all purposes under this chapter exceed
27 twenty-five (25) percent of the total value of the property assessed for county taxation
28 purposes within **ALL OF** the sanitary [district] **DISTRICTS IN WHICH PUBLIC WATER**
29 **OR SEWER FACILITIES ARE LOCATED**. Subject to the conditions contained herein,
30 the form, tenor, manner of selling and all other matters relating to the issuance of
31 bonds under this chapter shall be prescribed in a resolution to be adopted by the St.
32 Mary's County Metropolitan Commission prior to sale of the bonds. The issuance of
33 such bonds may not be subject to any limitations or conditions contained in any other
34 law, and the Commission may sell such bonds in such manner, either at public or
35 private sale, and for such price, as it may determine to be for the best interests of the
36 Commission and the County Commissioners of St. Mary's County. The bonds shall be
37 serial bonds issued upon the serial maturing plan and in such denominations as shall
38 be determined by the Commission. The bonds may be redeemable before maturity at
39 the option of the Commission at such price and under such terms and conditions as
40 may be fixed by the Commission prior to the issuance of the bonds, shall bear interest
41 at such rate or rates payable semiannually, as shall be determined by a resolution of
42 the St. Mary's County Metropolitan Commission adopted prior to the delivery of the

1 bonds, and shall mature in not more than thirty (30) years after date of issue and shall
2 be forever exempt from state, city and county taxation as hereinafter provided. They
3 shall be issued under the signature and seal of the Commission and shall be
4 unconditionally guaranteed as to payment of both principal and interest by the County
5 Commissioners of St. Mary's County, a political subdivision of the State of Maryland,
6 which guaranty shall be endorsed on each of the bonds in the following language: "The
7 payment of interest when due and the principal at maturity is guaranteed by the
8 County Commissioners of St. Mary's County, Maryland." Such endorsement shall be
9 signed on each of the bonds by the President and by the Clerk of the Board of County
10 Commissioners of the county, or another person lawfully assigned to the functions of
11 the Clerk, within ten (10) days after the bonds are presented by the Commission to
12 them for endorsement.

13 113-7.

14 A. For the purpose of retiring the bonds authorized to be issued by this
15 chapter and of paying the interest thereon, the Commission, **BY AND THROUGH THE**
16 **COUNTY COMMISSIONERS OF ST. MARY'S COUNTY**, shall cause to be levied,
17 against all assessable property within the sanitary districts [for which the bonds have
18 been issued, by the County Commissioners of St. Mary's County, annually] **IN WHICH**
19 **PUBLIC WATER OR SEWER FACILITIES ARE LOCATED**, so long as any of the bonds
20 are outstanding and not paid, [a] **AN ANNUAL** tax sufficient to provide the sum which
21 the Commission may deem sufficient and necessary, in conjunction with any amounts
22 as the Commission may estimate that it will be able to collect out of the [benefit
23 assessments] **SYSTEM IMPROVEMENT CHARGES, CAPITAL CONTRIBUTION**
24 **CHARGES**, and charges levied by it but not yet paid and any further funds then
25 available for the purpose, to meet the interest on the bonds as it becomes due and to
26 pay the principal thereof as the bonds mature. The tax shall be determined, levied,
27 collected and paid over in the manner following, that is to say, at least seventy-five
28 (75) days before July 1 of each year, the County Commissioners shall certify to the
29 Commission the whole valuation of the assessable property within [each sanitary
30 district] **THE SANITARY DISTRICTS IN WHICH PUBLIC WATER OR SEWER**
31 **FACILITIES ARE LOCATED**. The Commission shall then determine in the manner
32 above prescribed the amount which it deems necessary to be raised during the ensuing
33 year for the payment of interest on outstanding bonds and principal of all serial bonds
34 maturing in the year, and after deducting all amounts in hand, or in contemplation,
35 applicable to payments of the principal of and interest on the bonds as hereinbefore
36 and hereinafter in the chapter provided, it shall determine the number of cents per
37 one hundred dollars (\$100.00) necessary to raise the amount [for each such sanitary
38 district] **NEEDED** and shall certify same to the Board of County Commissioners at
39 least sixty (60) days before July 1 of each year. The County Commissioners in their
40 next annual levy shall levy the tax on all land and improvements and all other
41 property assessed for county tax purposes within the [respective sanitary district,]
42 **SANITARY DISTRICTS IN WHICH PUBLIC WATER OR SEWER FACILITIES ARE**
43 **LOCATED**, which tax shall be levied and collected and have the same priority rights,

1 bear the same interest and penalties and in every respect be treated the same as
2 county taxes. The tax so levied for the ensuing year shall be collected by the tax
3 collecting authorities, and every one hundred twenty (120) days they shall remit the
4 whole amount of the tax so collected to the Commission. From the money so received,
5 together with the amount in hand to the credit of fund or funds for the payment of the
6 principal of and interest on the bonds, the Commission shall first pay all of the
7 principal of and interest on the bonds as it becomes due and shall then deposit the
8 residue of the moneys in some bank or banks in the county to the joint credit of the
9 County Commissioners and the Commission. The Commission is authorized to pay the
10 interest on any bonds it may issue out of the proceeds of the sale of the bonds, but not
11 more than two (2) years' interest may be expended. Nothing contained in this section
12 or in this chapter shall be construed as in any manner relieving the County
13 Commissioners of St. Mary's County of its unconditional pledge of its full faith and
14 credit and unlimited taxing power to the payment of principal of and interest on any
15 bonds issued by the Commission pursuant to Section 161.

16 113-8.

17 Whenever the studies and plans for water supply or sewerage systems for any
18 sanitary district shall have been completed and the Commission shall have decided,
19 after opportunity for a hearing has been given, to proceed with the construction
20 thereof, it shall advertise, by notice in one (1) newspaper published in St. Mary's
21 County and such newspapers and technical press as it may deem proper, for bids for
22 the construction of said system or systems, in part or as a whole, as in its judgment
23 may appear advisable. The contract shall be let to the lowest responsible bidder or the
24 Commission may reject any and all bids, and if, in its discretion, the prices quoted are
25 unreasonable or unbalanced, it may readvertise the work or any part of it, or may do
26 **OR CAUSE TO BE DONE** any part or all of the work by [day labor, provided that at any
27 time] the **COMPETITIVE PROCUREMENT OF GOODS, MATERIALS, OR SERVICES.**
28 **THE** Commission [may, in its discretion,] **MAY NOT** expend [for day labor for
29 construction work] **ON THE GOODS, MATERIALS, OR SERVICES** an amount [not]
30 exceeding [five] **TEN** thousand dollars [(\$5,000.00)] **(\$10,000)** without **HAVING**
31 **PROCURED THOSE GOODS, MATERIALS, OR SERVICES BY** advertising [or] **AND**
32 receiving **COMPETITIVE** bids. All such contracts shall be protected by such bonds,

33 **STATE OR FEDERALLY MANDATED FEES OR CHARGES.** The rate for both water and
34 sewer service shall be uniform throughout a sanitary district, subject to changes that
35 the Commission considers necessary. Beginning on July 1, 1993, the rate for both
36 water and sewer service shall be uniform throughout all sanitary districts, subject to
37 changes that the Commission considers necessary. However, where the Commission
38 provides service to property in an area in which it is economically not feasible to

1 provide service at the uniform rate because of the distance of the area from the
2 principal facilities of the Commission, the Commission may classify the property as a
3 remote area and may impose an additional service charge to meet the additional cost
4 of providing service to the property. The Commission may collect a reasonable deposit
5 in advance of furnishing water or sewerage service. The Commission shall begin the
6 assessment of water and sewer service rates either at the time of the connection of all
7 spigots or hydrants, toilets, and waste drains to a water main or sewer or on the
8 expiration of the deadline for connection as required by the Commission in accordance
9 with § 113-10 of this Article, whichever occurs first.

10 B. The sewer service rates shall be reasonable and shall be charged to all
11 properties being served in a given sanitary district.

12 C. The water service charge shall consist of a minimum or ready-to-serve
13 charge, which shall be based upon the size of the meter on the water connection
14 leading to the property, and of a charge for water used, which shall be based upon the
15 amount of water passing through the meter in excess of any water included in the
16 minimum or ready-to-serve charge during the period between the last two (2)
17 readings. The meter shall be placed on water connections as determined by [and at the
18 sole expense of] the Commission. If the Commission at any time determines not to
19 have meters installed in all the properties in a given sanitary district that are
20 connected to the system, then a reasonable flat rate, as determined by the
21 Commission, shall be charged to all properties in which meters have not been
22 installed. This rate shall be uniform within a sanitary district.

23 113-16.

24 B. From and after payment to the proper parties of the agreed purchase
25 price, or other amounts found to be due by the Commission, the Commission may take
26 possession of, maintain and operate the system, whether private or municipal, as part
27 of its general system. From the date of the payment, all properties along the line of
28 any water main or sewer of the system as acquired shall stand in the same relation,
29 bear the same [benefit assessment] **SYSTEM IMPROVEMENT CHARGE** and be subject
30 to the same regulations and penalties as though the system so acquired had been
31 constructed and put into operation by the Commission under the provisions of this
32 chapter. However, a building or premises actually connected in an adequate manner
33 with the acquired system at the time of its purchase may not be required to pay any
34 connection charge.

35 113-19.

36 A. Any employee or agent of the Commission shall have the right of entry, at
37 all reasonable hours, upon any private premises and into any building in any sanitary
38 district while in pursuit of his official duties, upon first presenting proper credentials
39 from the Commission.

1 **B. WHILE IN PURSUIT OF OFFICIAL DUTIES, ANY EMPLOYEE OR AGENT**
2 **OF THE COMMISSION SHALL HAVE A RIGHT OF ENTRY INCLUDING REASONABLE**
3 **VEHICULAR INGRESS TO AND EGRESS FROM ANY COMMISSION PUMPING**
4 **STATION, ELEVATED WATER STORAGE TANK, WELL, OR OTHER RELATED OR**
5 **APPURTENANT EQUIPMENT.**

6 **C. Any restraint or hindrance offered to the entry, ACCESS, INGRESS, OR**
7 **EGRESS by any owner or tenant OF ANY AFFECTED PROPERTY, or agent of the**
8 **owner or tenant, or any other person is a misdemeanor punishable under Section 176.**

9 113-22.

10 Any land owned by a church and constituting the premises occupied by a church
11 or its parsonage and used exclusively for public worship or for other religious or
12 customary purposes of a church or parsonage and not for investment, gain or other
13 secular purposes shall be exempt from the [benefit assessments] **EQUIVALENT OF**
14 **THREE (3) EDUS OF SYSTEM IMPROVEMENT CHARGES** provided for by this
15 chapter [in respect of a frontage of not exceeding one hundred fifty (150) feet]. The
16 Commission, in its discretion to be exercised in each individual case, may grant or
17 withhold a further exemption [of the land so owned and used in respect of any
18 frontage thereof in excess of one hundred fifty (150) feet hereinbefore provided for].

19 113-26.

20 For any services rendered by the Commission to sanitary districts in which it
21 neither owns nor operates a water or sewerage system at the request of or with the
22 approval of the County Commissioners, the Commission shall render a bill to the
23 County Commissioners for the cost of the services. For any other services rendered by
24 the Commission to the County at the request of or with the approval of the County
25 Commissioners, the Commission shall render a bill to the County Commissioners for
26 the cost of the services, less one-tenth (1/10) of those costs for each sanitary district in
27 which the Commission owns and operates a water or sewerage system. The County
28 Commissioners shall make provision for the payment of those bills [by the Treasurer
29 of St. Mary's County] upon proper verification of the costs incurred.

30 113-27.

31 **B. Nothing contained in any amendment to this chapter effective June 1,**
32 **1976, shall be construed as impairing the validity of any proceedings or action taken**
33 **under the provisions of this chapter prior to that date. All such proceedings taken**
34 **under this chapter, including without limitation the creation and enlargement of any**
35 **sanitary districts and the establishment and imposition of [benefit assessments]**
36 **SYSTEM IMPROVEMENT CHARGES and charges (whether pursuant to this chapter**
37 **alone or pursuant to Article 43 of the Annotated Code of Maryland as authorized by §**

33 same position as if the property abutted on a water main or sewer.

34 K. (1) When an applicant applies for water or sewer lines in an area in
35 which the Commission determines that it is economically not feasible to serve unless
36 the applicant makes a substantial contribution to the cost of construction of the water
37 and sewer lines, including the cost of connecting them with the Commission's system,

1 the Commission may classify the applicant's property, together with other adjacent or
2 adjoining properties that could be readily served from the construction required by the
3 applicant, as a "remote area."

4 (2) If the Commission approves an application for water and sewer
5 lines and the applicant makes a contribution to the cost of construction in accordance
6 with this subsection, the Commission may construct the water or sewer lines required
7 by the applicant.

8 (3) If the Commission constructs the water or sewer lines, it shall
9 impose a [system improvement charge] **SYSTEM IMPROVEMENT CHARGE** in
10 accordance with this section.

11 L. When the Commission improves a water system or sanitary sewerage
12 system by replacing, augmenting, ungrading, or expanding it in order to provide
13 increased or improved water or sewer service and the necessity for the improvement

15 the property, those properties shall derive a benefit from the improved facility and the
16 Commission shall impose [system improvement charges] **A SYSTEM IMPROVEMENT**
17 **CHARGE** on the benefited property for the construction as part of the water or sewer
18 system services.

19 M. (1) The [system improvement charge] **SYSTEM IMPROVEMENT**

24 late charge not to exceed one and one-half (1 1/2) percent per month until all
25 delinquent charges are paid.

26 (3) The entire unpaid [system improvement charge] **SYSTEM**
27 **IMPROVEMENT CHARGE** shall be overdue and in default after thirty (30) days after
28 the payment is due for all or any part of the [system improvement charge] **SYSTEM**
29 **IMPROVEMENT CHARGE** required by the Commission, at which time the
30 Commission may proceed to enforce payment.

31 (4) Any statute of limitations to the contrary notwithstanding and
32 subject only to prior State and County taxes, the [system improvement charge]

2 **CHARGE** shall be treated as County taxes and be advertised in the same manner as
3 and with County taxes;

4 (B) All property subject to the [system improvement charges]
5 **SYSTEM IMPROVEMENT CHARGE** shall be sold for system improvement charges at
6 the same time and in the same manner as the properties are sold for County taxes;
7 and

9 shall relate to the collection of the [system improvement charges] **SYSTEM**
10 **IMPROVEMENT CHARGES**.

11 (6) Property redeemed from a County tax sale and property sold by the
12 County Commissioners after a final tax sale may not be redeemed or sold until the
13 [system improvement charges] **SYSTEM IMPROVEMENT CHARGES** are paid.

14 (7) To give notice to the general public of existing liens and charges
15 against any property within any sanitary district abutting on any water or sewer
16 main, the Commission shall keep a public record of all names of owners or property,
17 locations of the property, lot numbers when of record, and the amount of the [system
18 improvement charges] **SYSTEM IMPROVEMENT CHARGE**, water service charges, or
19 that may become liens.

20 [(8) The records shall be kept in the Land Records of St. Mary's
21 County, and the Clerk of the Circuit Court for the County shall furnish space
22 necessary to keep and preserve the records, which, when recorded in the public record,
23 is legal notice of all existing liens within any sanitary district.]

24 [(9)] (8) If any liens, [system improvement charges] **SYSTEM**
25 **IMPROVEMENT CHARGES** or other charges remain unpaid for thirty (30) days after
26 becoming overdue, they may be collected by an action to enforce the liens, and any
27 judgment or decree obtained shall have the force and effect of a judgment in personam.

28 [(10)] (9) The Commission may file an action to enforce the liens
29 against the owner of record at the time the levy was made, or the owner of record at
30 the time the suit is filed, or any owner of record between these dates.

31 N. (1) All [system improvement charges] **SYSTEM IMPROVEMENT**
32 **CHARGES** collected by the Commission shall be set aside in a separate fund to be
33 known and designated [at] **AS** the "Metropolitan District Account."

34 (2) In order to determine the amount which it considers necessary to
35 be imposed under § 113-7 of this Chapter, the Commission shall deduct the amount it
36 estimates that it will be able to collect from the [system improvement charges]

1 **SYSTEM IMPROVEMENT CHARGES** and other charges previously imposed by it, but
2 not yet paid and to be set aside for the interest and principal payments and the
3 amount of funds then available for the purpose of paying the principal of and interest
4 on outstanding bonds, from the whole amount necessary to be raised in any one (1)
5 year for interest and principal payments on outstanding bonds.

6 (3) The balance then remaining to be raised shall be the amount to be
7 certified to the County Commissioners of St. Mary's County for collection by taxation
8 as provided by § 113-7 of this Chapter.

9 O. (1) If the State, County, or any municipal corporation, commission,
10 board, or agency of the State or County acquires for public use property that is subject
11 to a [system improvement charge] **SYSTEM IMPROVEMENT CHARGE** levied by the
12 St. Mary's Metropolitan Commission, the [system improvement charge] **SYSTEM**
13 **IMPROVEMENT CHARGE** shall **CONTINUE TO** be paid [through the date of
