

Chapter 283

(House Bill 913)

AN ACT concerning

Residential Multiple Occupancy Buildings – Master Meters – Heating, Ventilation, and Air Conditioning Services

FOR the purpose of repealing the termination provision of a certain provision on the use of master meters for certain heating, ventilation, and air conditioning services in certain residential multiple occupancy buildings; and generally relating to residential multiple occupancy buildings.

BY repealing and reenacting, without amendments,
Article – Public Utilities
Section 7–304.1
Annotated Code of Maryland
(2010 Replacement Volume and 2011 Supplement)

BY repealing and reenacting, with amendments,
Chapter 315 of the Acts of the General Assembly of 2010
Section 2

SECTION 1. BE IT ENACTED BY THE GENERAL ASSEMBLY OF MARYLAND, That the Laws of Maryland read as follows:

Article – Public Utilities

7–304.1.

(a) In this section, “master meter” means a meter used to measure, for billing purposes, the total amount of electricity or natural gas used in a building by a heating, ventilation, and air conditioning system, including the combined use from all individually leased or owned units and all common areas.

(b) The Commission may authorize the use of a master meter in a residential multiple occupancy building for heating, ventilation, and air conditioning services without requiring individual metering or submetering for heating, ventilation, and air conditioning services as provided under § 7–303 or § 7–304 of this subtitle if:

(1) the utility bill for heating, ventilation, and air conditioning services for each individually leased or owned occupancy unit is included in the rent for that unit;

(2) the Commission is satisfied that the use of the master meter for heating, ventilation, and air conditioning services will result in a net savings of energy over the energy savings that would result from individual metering or submetering for heating, ventilation, and air conditioning services; and

(3) each individually leased or owned occupancy unit:

(i) has individual metered service for other energy services; and

(ii) directly receives the utility bill for the other energy services.

(c) Before authorizing the use of a master meter for heating, ventilation, and air conditioning services, the Commission may review the proposed allocation of heating, ventilation, and air conditioning system expenses among individual units and common areas served by the master meter.

(d) In accordance with § 7–301 of this subtitle, an electric company or a gas company may inspect and test a master meter authorized for use by the Commission under this section.

Chapter 315 of the Acts of 2010

SECTION 2. AND BE IT FURTHER ENACTED, That this Act shall take effect July 1, 2010. [It shall remain effective for a period of 3 years and, at the end of June 30, 2013, with no further action required by the General Assembly, this Act shall be abrogated and of no further force and effect.]

SECTION 2. AND BE IT FURTHER ENACTED, That this Act shall take effect October 1, 2012.

Approved by the Governor, May 2, 2012.
