10. Description and Purpose of Grantee Organization (Limit Length to Visible area)

The Denton Development Corporation (DDC) is a 501c(4) non-profit corporation whose purpose is to provide long term collaborative leadership towards the economic and community revitalization of the Denton Central Business District (CBD) and the surrounding environs through education, proactive planning, tourist promotion, neighborhood revitalization and economic development, business district management and project implementation. The goal of the DDC is to return the historic CBD to to its place as the thriving and vital heart of the community that it was before the Route 404 Bypass was built and diverted traffic around the CBD. To achieve this goal the DDC, in conjunction with Town leaders, devised a 12 project re-vitalization strategy that capitalized on the the assets and strengths that the Town possessed - its citizens, its rich cultural heritage (in particular its connection to the underground railway), and its under-utilized waterfront. The two anchor projects of this strategy are the Arts & Entertainment District at the eastern end of the CBD and the Wharves at Choptank Crossing development on the Choptank River at the western end of the CBD.

11. Description and Purpose of Project (Limit Length to Visible area)

The Wharves at Choptank Crossing Heritage and Welcome Center is a key component of the DDC's Central Business District re-vitalization strategy. Built on the banks of the Choptank River, the Heritage and Welcome Center will be a 2,492 sf piling-supported building. Additional project elements will consist of roadway improvements, a parking lot, landscaping, and a stormwater management system. The Heritage Center will contain exhibits highlighting the region's cultural and historical heritage from the Native American period to the Underground Railroad to the Civil War; as well as exhibits that illustrate the importance of the Chesapeake Bay ecosystem. Caroline County is currently the only county in the state of Maryland that doesn't have a welcome center and the Heritage and Welcome Center, sited on both the Harriet Tubman National Scenic Byway and Michener's Chesapeake Country Scenic Byway, will serve as not only an educational center, but also as a jumping-off point for visitors to explore the other cultural and heritage attractions that the region has to offer. It is expected that visitors to the Heritage Center will visit and patronize the businesses in the adjacent CBD. The Heritage Center will be staffed by 2 members of the Caroline County Office of Tourism as well as six persons from the Maryland Senior Employment Program.

Round all amounts to the nearest \$1,000. The totals in Items 12 (Estimated Capital Costs) and 13 (Proposed Funding Sources) must match. The proposed funding sources must not include the value of real property unless an equivalent value is shown under Estimated Capital Costs.

value is shown under Estimated Capital Costs.
