**Analysis**

**Current Law:** Twelve counties, including St. Mary's County, have a local board of elections made up of three regular members and two substitute members. Two regular members and one substitute member must be of the majority party and one regular member and one substitute member must be of the principal minority party. The board of elections in Montgomery County consists of five regular members and two substitute members, and the board in Prince George's County consists of five regular members and three substitute members. Effective June 6, 2011, the boards of elections in 10 counties

switched from consisting of three regular members and two substitute members to consisting of five regular members, pursuant to various laws enacted in 2010 and 2011.

Members are generally nominated by the majority and principal minority party county central committees and appointed by the Governor, subject to legislative confirmation. If a member of a local board dies, resigns, is removed, or becomes ineligible, the substitute member belonging to the same political party becomes a regular member of the local board and a new substitute member is appointed, or in the case of boards with only regular members, a new regular member is appointed. The term of a member is four years and begins on the first Monday in June of each year following a gubernatorial election.

Each regular member of a local board receives the salary and reimbursement of expenses provided in the county budget, but minimum amounts are set in State law for the members in each county. In St. Mary's County, the annual compensation for regular members may not be less than \$800.

**Local Fiscal Effect:** St. Mary's County expenditures may increase minimally in fiscal 2015 and by \$1,500 annually thereafter, due to the increased salaries of the three regular members of the board of elections. This reflects an increase in each regular member's compensation from \$2,500 to the minimum compensation of \$3,000 set by the bill. This also assumes the compensation of the regular members of the board of elections would not otherwise increase in future years. The minimal expenditure increase in fiscal 2015 reflects the small portion of fiscal 2015 in which the salary increases would be in effect (the next term of the board will begin June 1, 2015).
